## Goal Change Made After 'Bugs' Arise

First Free World 'Moon' Slated For Takeoff At 4 P. M.

By VERN HAUGLAND  
CAPE CANAVERAL, Fla. (U)—The countdown toward a launching of the free world's first miniature moon started early today with the goal of a 4 p.m. firing.  
Directors of the test firing of the Vanguard satellite said the countdown began at 5 a.m. It normally occupies about 11 hours.  
C. Herschel Schooley, Defense Department information director, said that there had been a series of delays and a false start or two.  
**Minor Troubles Develop**  
Paul Walsh, Vanguard deputy director, explained that in the countdown the men in charge of the launching run through a check list of 23 typewritten pages.  
"Holds" are so frequent and so routine that it is rare for a launching to be accomplished in the exact time allowed.  
Workers said no major troubles had developed but a myriad of minor electrical difficulties — frayed wires, short circuits and the like — had.

Much of the difficulty was with the first two stages of the three-stage rocket, because they involve the use of highly volatile liquid propellants. Rocket engines using liquid fuel are much more complicated, and hence less reliable, than those employing solid propellants.  
While the 72-foot-tall white rocket, slender and graceful, stood in its launching stand, excitement swirled about it. The area, closed to all outsiders, blazed with floodlights.

The Navy has been assigned the responsibility for launching six or more small scientific satellites during the International Geophysical Year now in progress.  
The project was given the name Vanguard, and the Martin Co. of Baltimore won the over-all contract for the rocket.

Martin's Vanguard team also is directing the test launching program — the attempt to put three or four comparatively simple 6½-inch experimental spheres into an orbit around the earth before the instrument-filled, 21-inch moons are sent aloft.

This part of Florida developed a feverish interest in the missile test center.  
During the early morning hours, there were automobiles and watchers on the beaches overlooking the closed area. At dawn, scores of persons waited on the sand, unaware of the fact that there could be no launching before mid-afternoon.

## Israel Delays Convoys Into Jordan Areas

**BULLETIN**  
JERUSALEM (U)—"Agreement has been reached in the Mt. Scopus convoy affair," Premier Ben-Gurion announced today after two days' conference with U. N. Secretary General Dag Hammarskjöld.

JERUSALEM (U)—Israel today held up dispatch of a disputed convoy through Jordanian territory as U. N. Secretary General Dag Hammarskjöld and Prime Minister David Ben-Gurion held a long private conference.  
Refusal by Jordan to let gasoline-carrying convoys through the Israeli-held Mt. Scopus enclave, one of the causes of Hammarskjöld's Middle East visit, continued despite his talks Monday in Amman with Jordanian officials. The secretary general began conversations with Israeli officials here yesterday.

Hammarskjöld's talk with Ben-Gurion was expected to be followed by a meeting of U. N. and Israeli military, political and legal advisers.  
Officials of the U. N. truce supervisory organization were reluctant to discuss prospects for departure of the convoy, which had been scheduled for today.

There were no signs at Mandelbaum Gate, the border crossing point into Jordanian territory, that a convoy was expected today. Jordan turned back the last convoy two weeks ago because it carried nine drums of gasoline. Jordanian officials charged the gas would be used in connection with fortification work prohibited by the Palestine armistice.  
Israel denied that any military work was involved.

## Liner Reaches Vessel Hit By Pacific Storm

HONOLULU (INS)—The liner *Honolulu Monroe*, with 67 world-cruising passengers aboard, reached the crippled Greek freighter *Margarita Chandris* in the storm-tossed mid-Pacific today to start the hazardous task of rescuing 31 crewmen.

## Cold Weather Due For Area

BALTIMORE (U)—Five-day forecast: Temperatures will average about five degrees below normal, moderating on Thursday and Friday, but turning colder over the weekend. Fair Thursday, and Friday and some rain about Saturday. The precipitation will be light and generally less than one-fifth of an inch. Normal highs for the period are in the 40s. Low range from 22-29 in the north to 30-34 in the south.

## Ex-Cop Holds Firm At Hoffa Wiretap Trial

NEW YORK (U)—All-day cross-examination yesterday by two lawyers failed to shake testimony by a former New York state trooper against James R. Hoffa, president-elect of the Teamsters Union.  
The witness, Rudolph L. Doelcke, stuck to previous testimony that Hoffa and Owen Brennan, president of Michigan Teamsters Local 337, were responsible for ordering wiretap installations in Hoffa's Detroit office.

Doelcke also has testified that he helped Bernard Spindel, professional wiretapper of Holmes, N.Y., install equipment in the office so that Hoffa could find out what union subordinates were telling official racket investigators.  
Hoffa, Brennan and Spindel are being tried before Federal Judge Frederick VanPelt Bryan and a jury on charges of conspiring in New York to set up the wiretapping equipment in Detroit.

## Snow Covers East Sector

By The Associated Press  
A storm which dumped from 1 to 5 inches of snow across areas east of the Mississippi River to the Atlantic Coast appeared dying out today.  
However, light snow continued during the early morning in Minnesota, the Ohio Valley, lower Great Lakes region and the Washington-New York City area.

## Bomber Explodes

EGLIN AIR FORCE BASE, Fla.—(INS)—A Strategic Air Command Boeing B-47 strategic bomber exploded in the air today over a water bombing range on Choctawhatchee Bay.

## Council Acts On Expulsion Of Teamsters

ATLANTIC CITY, N. J. (U)—The AFL-CIO Executive Council gathered today to recommend a formal expulsion of the Teamsters Union, which claims a tenth of the federation's 15 million members.

The council was acting on corruption charges developed in months of hearings before the Senate Rackets Committee.  
It also was expected to vote expulsion recommendations for the Bakery, Laundry and Distillery Workers unions, similarly involved in charges of corruption. The recommendations will go to the AFL-CIO convention convening here tomorrow.

Expulsion of the four unions, with about 1½ million members, was mapped by AFL-CIO President George Meany as a demonstration that organized labor can deal effectively with racketeering in labor's ranks.

Meany and other AFL-CIO chiefs hoped it would help them stave off threatened punitive legislation from Congress and warn leaders of other unions against multiciting union funds.

## Ike Progresses, Bulletins Ended By His Doctors

WASHINGTON (U)—For a convalescing man ordered to take it easy, President Eisenhower appears to be leading a pretty busy life nine days after his mild stroke.

## Third Child Succumbs, Burned In Sofa Fire

BALTIMORE (U)—Five-year-old Stephen Lewis died today, third child victim of a sofa fire last Monday at the home of their father, a fireman.  
Stephen's brother Stanley, 3, and his sister, Valerie, 2, died yesterday.

## Battle Seen On Boosting Foreign Aid

Russell Contends Missile Spending Should Be Hiked

WASHINGTON (U)—Sen. Russell (D-Ga.) sought today to build opposition to the administration's new \$3,940,000,000 foreign aid program even before its formal presentation to Congress.

Shortly after the program was outlined to congressional leaders at a White House conference, Russell called for diverting the bulk of the proposed spending to buying more military missiles.  
But Rep. Albert (Okla.), House Democratic whip, predicted Congress would approve most of the amount requested, though economic aid "might be cut some."

**Trade Pact Rapped**  
The administration's proposal to extend the reciprocal trade agreement program for another five years drew fire too. Many in both houses claimed it would be lucky to get a one-year renewal.

The authority of the President to cut tariffs on a reciprocal basis now is due to expire June 30.  
The opposition to both measures was noted in the face of advice from Secretary of State Dulles against concentrating so much attention on a military buildup that the "political, economic, psychological warfare" with which Russia seeks to extend its power is forgotten in the excitement created by the Russian Sputnik.

Russell, chairman of the Senate Armed Services Committee, said the proposed foreign aid program could be "reduced substantially."  
He told an interviewer: "The whole free world would be in a better position, and much stronger, if we financed the missile program out of the foreign aid funds."

**Morgan Backs Program**  
But Albert's support of the program was echoed by Rep. Morgan (D-Pa.), top Democrat present from the House Foreign Affairs Committee.  
"I think that the members were impressed with the danger we are in from some of our enemies, and the conference was very successful."

Rep. Van Zandt (R-Pa.) said he understood \$1,800,000,000 of the money would be used to provide military weapons for allies, and \$2,100,000,000 for economic help, including 625 millions for the economic development fund.

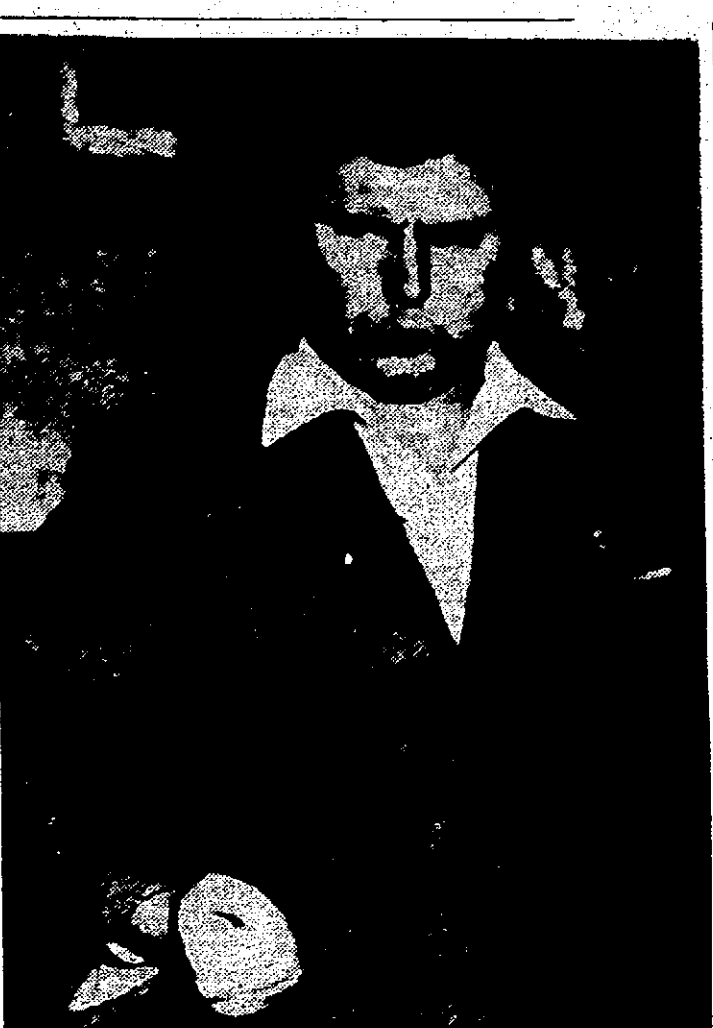

## Fogs Blamed In 4 Deaths

PARIS (U)—Thick fogs hung over Britain and much of Europe today, snarling traffic, causing at least four deaths and a ship collision.  
The British liner Queen Mary was unable to enter the French port of Cherbourg. Passengers were landed in small boats.

## Fourth 'Booster' Salk Shot Urged By University Doctor

PHILADELPHIA (U)—A fourth "booster" shot of Salk polio vaccine next spring for all persons who have previously received the usual three shots was recommended today by a University of Pennsylvania doctor.  
At the same time, Dr. Lewis L. Coriell urged all persons under 40 who haven't done so to complete the usual three shot course of "properly spaced" injections.

Such a system, he said, offers the possibility for "virtual elimination of paralytic poliomyelitis as a significant disease in 1958." Coriell, associate professor of immunology in pediatrics at the university's School of Medicine, said in a report prepared for the 11th clinical session of the American Medical Assn.:  
"Three years of increasingly widespread use of . . . (Salk) polio vaccine have coincided with unprecedented reduction in reported cases of poliomyelitis. A particularly low incidence and low paralytic rate are the outstanding features of the 1957 season."  
He said estimates suggest that protection against paralytic disease approached 90 per cent in patients who received "three" or "more" properly spaced injections of vaccine, and 75 to 80 per cent in those receiving less than three shots.

**DENOUNCES EISENHOWER** — Pierre Poujade, leader of an extreme right-wing French political party, calls on people of Paris to express their opposition to visit of President Eisenhower or Vice President Nixon at NATO summit conference. He termed both "anti-French." (AP Photofax)

## Adlai Shuns Parley, 'Has No Authority'

WASHINGTON (U)—Adlai E. Stevenson started slipping out of his role as Democratic consultant to the Eisenhower administration today.  
The titular head of the Democratic party—loser to President Eisenhower in the 1952 and 1956 presidential elections—announced last night he had no desire to extend his consultations to the Dec. 16 Atlantic Pact (NATO) meeting in Paris.

He gave this reason: If he went, he would be "without authority."  
Stevenson said he agreed with most of the Eisenhower proposals for revitalizing NATO, to be presented at Paris. But he acknowledged "differences between us." Without authority to make policies, he would be in the dilemma of having to support those with which he disagreed, or keeping silent through a patriotic desire not to upset the unity cart. In any case, he feared his friends at home and abroad would have been inhibited or misled.

All this was set forth in Stevenson's formal statement explaining why he turned down the Paris invitation which Eisenhower had extended less than 10 hours earlier.  
The two met just before a briefing of Republican and Democratic congressional leaders on the plans for NATO and on other foreign and defense policy plans.

"The President could not have been more cordial," Stevenson later told a questioner.  
Stevenson himself first announced Eisenhower's invitation that he accompany the U. S. delegation to the Paris meeting, and said then he probably would wait a week or 10 days to decide.

## Schweitzer Goes Home After European Visit

BORDEAUX, France (INS)—Eighty-two-year-old Dr. Albert Schweitzer, Nobel prize-winning missionary and physician, departed by ship today for his hospital and leper colony in French Equatorial Africa.  
Fog stranded several hundred passengers at London Airport.

## Baltimorean Facing First Degree Trial

Socialite Charged With Wife Slaying Gets Court Rebuff

TOWSON, Md. (U)—Three circuit judges ruled today that Robert Jett Van Horn should continue to be tried on a first degree murder charge for the fatal beating of his socialite wife.  
Judges John B. Gontrum, Lester L. Barrett and Michael P. Smith disallowed a motion for a directed verdict of innocent of first degree murder.

**Trial Enters Third Day**  
So the trial went into its third day.  
The tall, gray-haired defendant, 53-year-old lumber executive, is charged in the slaying of his wealthy wife, Mrs. Bernice Ward Flynn Van Horn, last June 1. Van Horn has pleaded innocent by reason of being insane at the time.

The motion for a directed verdict was argued after the State rested its case yesterday.  
Defense Attorney Hilary W. Gans contended the state had offered "absolutely no evidence that would support a verdict of first degree murder."

State's Attorney Frank H. Newell III countered that the state "had made out a case of murder up to this point," and premeditation need not be over a long period of time to justify a first-degree verdict.

**Brother Called By State**  
One of the final state witnesses was Van Horn's brother, Charles, general passenger agent for the Baltimore and Ohio Railroad in Washington.

Charles Van Horn testified he came to Baltimore the afternoon after the slaying, in response to a telephone call from his brother, and talked with him at the lumber company office for two hours.  
Earlier yesterday, a blood spattered tree and clothes identified as belonging to Van Horn were cited as evidence in the trial's second day of testimony.

Sgt. Maurice Epple of the Baltimore police crime laboratory testified about blood stains on the tree in front of the suburban valley home of Mrs. Bernice Ward Flynn Van Horn.  
The state is trying to prove that her 53-year-old husband beat her to death there on the night of June 1.

The defense accepted with "no question in the world" that five statements referring to the murder were written by Van Horn, a lumber company executive and son of a retired Baltimore and Ohio Railroad vice president.

## Missions Head Cites Churches As 'Too Stingy'

ST. LOUIS, Mo. (U)—The Rev. Dr. Donald Black of Philadelphia, head of the Foreign Missions Board of the United Presbyterian Church, says most American churches are so rich they remind him of the biblical injunction about the camel and the needle's eye.  
Members don't sacrifice and give of their money as they should to help Christian missions, he told the National Council of Churches Assembly.

"Indeed, it is easier for the camel to pass through the needle's eye than for American churches, all wealthy by comparison with others, to enter the kingdom of obedience," he said.

## Girard Broken To Private, Won't Stay In Army Ranks

CAMP DREW, Japan (U)—The U. S. Army today broke Specialist 3 C. William S. Girard to buck private and indicated his Japanese manslaughter convictions might also mean an undesirable discharge for him.  
The homebound GI took the news in stride and scrapped any plans he might have had for a military career after four years of Army service.

"I don't think I got a raw deal, and I'm getting out. . . I didn't think I had it coming, but it was legal," Girard said after the Army took its first punitive action against him for the Jan. 30 killing of a Japanese woman scrap scavenger.

## Ike Still Seeks Budget Balance

WASHINGTON (U)—President Eisenhower was described by Republican leaders today as making every effort to keep the budget in balance despite proposed sharp increases in military spending.  
Senators Bridges (R-NH) and Saltonstall (R-Mass.) said in separate interviews they believe Eisenhower will be able to avoid deficit spending.

Bridges, chairman of the Senate Republican Policy Committee, said he believes a two-billion-dollar boost in funds for missiles, strategic air bases, antisubmarine devices and outer space developments is justified by Russian advances in the missile and satellite field.  
"I believe cuts can be made elsewhere in defense and other activities so that the overall budget will be no higher than this year's," he said. "I am sure President Eisenhower is making every effort to keep it within that framework."

This year's spending is estimated at 72 billion dollars, including about \$38,400,000,000 for military purposes.

## GOP Solons Claim Defense Fund Boost Justified

The proposed military increase for next year was reported after a five-hour bipartisan White House meeting yesterday over which Eisenhower presided at intervals for a total of about 2½ hours.  
Saltonstall, who heads the Conference of All Republican Senators, said the Eisenhower administration is not being stampeded by Russian accomplishments but is "proceeding along lines of confidence in accelerating the defense program."

"I am sure President Eisenhower is doing everything he can to keep within a balanced budget," Saltonstall said.  
Democratic leaders raised immediate doubts the Congress they control will be satisfied with a two-billion-dollar increase in missile and other spending. Several of them said the Eisenhower administration lacked the "sense of urgency" they thought it should have.

# Power Of Church Council Debated At Annual Meet

By GEORGE W. CORNELL  
AP Religion Writer

ST. LOUIS—A touchy question throughout the history of the National Council of Churches—its authority in relation to member denominations—has come up at its General Assembly here.

The point was raised by the Rev. Dr. Truman B. Douglas, executive vice president of the Congregational Christian Churches. He said the separate denominations have yet to recognize the "real dimensions" of the Council.

They act as if they "are the master," and the Council is only "a slave," he said.

The National Council includes most of the major Protestant and Orthodox churches — 300 denominations altogether — with a total of 37½ million members, nearly a fourth of the nation's population.

Nothing there are now more than 5,000 interdenominational councils and federations, on local, state, national and world levels, Dr. Douglas told a special meeting yesterday that Christians need to recognize the "real dimensions" and significance of these councils.

"From one viewpoint the councils are creatures of the denominations. But there is another important sense in which the councils are called to be judges of the denominations . . .

"We know that there is a Church of Christ which transcends all the churches. This true church is never perfectly embodied in any of our existing churches, nor will it ever be so long as we continue in our present divisions. . .

But the Council of Churches, to the extent it represents areas of Christian life in which the divisions have been overcome "make manifest the true church in a way that their member communities are unable to do."

"To the extent that the councils do this, they also mediate judgment upon the denominations."

However, Dr. Douglas said, there is what he called a "denominational presupposition" in this country which holds that the individual denomination is the "proper object of ultimate loyalty."

This attitude, he said, has resulted in secondary chores and other drudgery being heaped on the councils, with the effect that their real significance is blurred.

Fire Sweeps Glass Plant, 6 Left Dead

MARTINS FERRY, Ohio (AP) — An oil heater which was accidentally knocked over turned the Porter Glass Co. here into an inferno which killed six persons.

Firemen reported finding the sixth victim's body early today. Five bodies were recovered previously.

All the dead were employees at the small glass-blowing company. Five were women.

Those missing and believed dead were Miss Francis Good, Bellaire, Ohio; Mrs. Mary Jane Byard, Martins Ferry; Miss Goldie Gibbons, Yorkville, Ohio; Mrs. Rose McMahon, Martins Ferry; Hazel Stocia, Martins Ferry; and Matthew McElroy, Martins Ferry.

The five women are believed to have been trapped on the second floor of the two-floor, 75-year-old frame structure.

Six persons were injured in the fire. They include the plant owner, A. H. Porter, Wheeling, W. Va., and three other workers in the plant.

David Coddery, 19, one of the injured, told newsmen he believes he started the fire when he knocked over an oil heater on the first floor. Within minutes the flames had engulfed the building.

Jurors Indict Garbage King

MINEOLA, N.Y. (AP) — Vincent J. Squillante, under fire on several fronts as the kingpin of the New York Metropolitan garbage disposal rackets, was indicted again today on extortion charges.

Indictments of Squillante and five other men were disclosed in the early morning hours after a night session of an extraordinary Nassau County rackets grand jury sitting in this Long Island commuter suburb.

Squillante, 40, already was in jail in New York City on a years-old federal income tax charge.

# Snow Expected To End By Night In East Areas

WASHINGTON (AP) — The Weather Bureau said today a snowstorm which has been moving up the east coast has spread into Southern New England.

A special bulletin also said snow should end tonight in this region and the New York area.

The weather bureau bulletin said:

"The snow storm has spread into Southern New England during the night and snow is still falling in Southern New York, Pennsylvania, New Jersey, Western Maryland and Northwestern Virginia. The snow has been light to moderate and for the most part wet. Accumulations have ranged from one to three inches in Pennsylvania and in the higher elevations of Maryland and Northwestern Virginia. Some light snow flurries are still reported in the Ohio Valley

and in West Virginia and Eastern Kentucky.

"Delaware and the coastal sections of New Jersey and Maryland have rain and rain also is falling over Southern Virginia and much of North Carolina.

"The depression which has caused this storm is passing eastward over Virginia and West Virginia and during the day will organize off the Delaware Coast. Most of the snow and rain will end in the Middle Atlantic states by afternoon with clearing weather and brisk northwest winds. Snow flurries will linger in the mountain sections until tonight and snow in the New York area and Southern New England should end during this evening."

photographers watched from beaches several miles distant.

One Vanguard official, shaking his head over all the difficulties involved, said, "It will be a real miracle if everything finally works and we put this into an orbit this week."

"Won't Be Despondent"

J. Paul Walsh, deputy director of Project Vanguard, told a news conference that "we will be pleased people if it establishes an orbit, but we will not be despondent if it doesn't."

Its first stage is 44 feet long and almost 4 feet wide, its second 31 feet long and 32 inches in diameter, and its third 5 feet long and 18 inches in diameter. Because parts of the stages fit within each other, their cumulative length is only 72 feet.

The General Electric rocket motor of the first stage, using liquid oxygen and kerosene, was designed to produce 27,000 pounds of thrust, to burn for about 2½ minutes, and to take the device to an altitude of 35 miles and to a speed of 3,700 miles an hour.

The second stage, with an Aerojet General rocket fueled with nitric acid and unsymmetrical dimethyl hydrazine, has an assigned thrust of 7,500 pounds and a burning time of two minutes. It was to burn out at an altitude of 130 miles and a speed of 9,000 miles an hour, and then to coast to an altitude of 300 miles before separating from the third stage while traveling parallel to the earth.

# Large Project Slated In Washington Section

WASHINGTON (A)—Plans for a new 100 million dollar community project near Waldorf, Md., were announced today by two California developers.

The announcement by Arthur A. Desser and Harold B. Garfield, of Beverly Hills, Calif., said the two have bought 8,000 acres near Waldorf, 22 miles south of Washington at the intersection of U.S. 501 and Maryland 5.

Al Herd, Los Angeles real estate broker representing the developers, said 3,000 acres are being offered as a site for an alternate Washington Airport.

The Charles County tract, which touches the village of Waldorf on two or three sides, was bought for about six million dollars from

## Business Briefs . . .

NEW YORK (INS)—Warner Bros. Pictures reported today earnings of \$3,415,000, or \$1.90 per share, in the fiscal year ended August 31, compared with \$2,998,000, or \$4 cents a share, a year earlier.

NEW YORK (INS)—A "decided increase in collection problems and a definite rise in automobile repossessions" was noted today in the quarterly report of the Installment Credit Commission of the American Bankers' Association. The report said better than 30 per cent of the reporting areas is experiencing "an unusual increase in repossessions" and more than 40 per cent of the lenders reported delinquencies rising.

NEW YORK (INS)—The magazine Iron Age said today the steel market is a lot better than it seems. The national metalworking weekly noted that actual steel use will set a record of 84,000,000 finished tons this year, a fact often forgotten in the face of the falling ingot rate.

What's hurting the steel business, the magazine states, is that more steel is coming out of users' inventories—less from the mills themselves. And everyone agrees the users will continue to live off inventories until the second quarter of 1958 or even later.

## Local Badminton Season Delayed

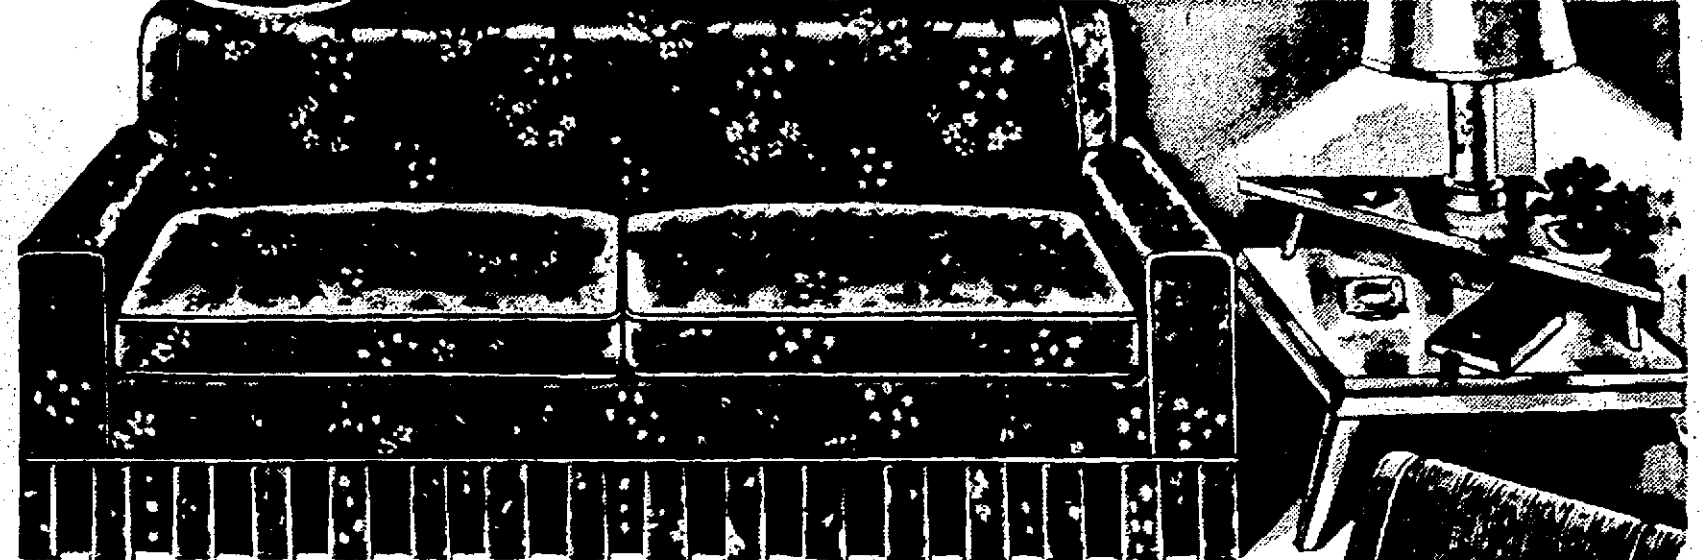

Start of the adult badminton sessions sponsored by the Recreation Department has been postponed until Wednesday, December 11.

The badminton sessions will be held each Wednesday from 7 to 10 p. m. in the Fort Hill Boy's gymnasium.

Any adult resident of the City interested in participating in this activity is invited to attend any of the sessions. All equipment will be furnished by the Recreation Department and an instructor-supervisor will be present at each session. Anyone attending is asked to wear gym shoes.

The Recreation Department has sponsored the activity for several years.

### Guthridge-Dawson Rites Take Place At Cresaptown

Miss Barbara Ann Dawson, daughter of Mrs. Nola M. Dawson, Cresaptown, and the late Clifford L. Dawson, became the bride of James Thomas Guthridge Jr., son of Mr. and Mrs. James Thomas Guthridge, 447 Columbia Street, November 2. The ceremony was performed at the Cresaptown Methodist Church in a candlelight service with Rev. Vernon Shanholtz, Ridgeley, officiating.

Miss Wanda Ullery was matron of honor and Richard E. Guthridge, brother of the groom, was best man. Miss Sharon Kay Holler, niece of the bride, was flower girl and Daniel L. Holler, nephew of the bride, served as usher.

The bride, given in marriage by her brother-in-law, Daniel R. Holler, wore a ballerina-length dress of white lace. Her shoulder-length veil of nylon tulle fell from a crown of white velvet and seed pearls and she carried a white Bible topped by a white orchid.

A reception was held following the ceremony at the bride's home. Assisting were Mrs. Daniel R. Holler and Mrs. Robert J. Boniece.

The bride, a graduate of Alleghany High School, class of 1957, is employed by the Quality Restaurant.

The groom, a graduate of Alleghany High School, class of 1955, is serving in the Navy aboard the U.S.S. Saratoga.

The bride is residing with her mother until Mr. Guthridge is discharged from the Navy.

## Names Of Two Sailors Killed In Wreck Told

The names of the two sailors burned to death in a car crash on W. Va. Route 45 early Sunday in Hampshire County were released late yesterday.

A. L. Russell, Hampshire County coroner, said the dead youths were Jerold Joseph Scholl, 19, of RD 1, Baraboo, Wis., and Henry Norman Main, 20, of 1531 North Park Avenue, Chicago.

Russell stated the positive identification was made from dental charts of the two sailors supplied by Richard L. Trask, head of the decedent affairs section of the Naval Bureau of Medicine and Surgery at Washington. Trask brought the dental charts and other pertinent data on the two naval men to Romney yesterday to aid in the identification.

Tentative identification of the two youths, both of whom were burned beyond recognition in the accident, had been made by West Virginia State Police at Romney on data furnished by the Navy.

However, apparent discrepancies in the dental charts caused positive identification to be held up.

Authorities conducted an intensive investigation with Navy officials to ascertain the identity of the two sailors, who had been stationed aboard the aircraft carrier USS Valley Forge.

Police said another sailor, Preston Wright, 20, and the two other youths decided to take a trip to Paw Paw from Norfolk where they were stationed aboard the carrier. They said the two crash victims had made previous trips to the West Virginia community with a shipmate who lived there.

Authorities reportedly learned the three were riding in Wright's car which broke down at Berryville. Wright then had his car taken to Winchester, Va., for repairs while the other two sailors continued on their way to Paw Paw.

It is believed they met Franklin Payne, 45, of Berryville, who also

## GOP Names J. I. Mullen, J. I. Martin

The Allegany County Republican Committee last night named John I. Mullen of Westernport, as substitute trial magistrate for the county, and John I. Martin of Barton, as a committee member.

They are the seventh and eighth political appointments since June.

The two men were named to replace David L. Williams who resigned both posts when he was sworn in as a member of the county delegation to the Maryland General Assembly on November 11.

James S. Getty, chairman of the GOP committee, said after the meeting in his office in the County Building on Union Street, that this was the first time since this committee was elected that a tie resulted in voting.

Getty, normally a non-voting chairman of the seven-man committee, was called upon to break the deadlock in the balloting for the new member of the committee.

With four members of the committee present, Edgar M. Lewis, Ernest B. Treat, Melvin Sloan and Victor M. Hebb, a 2-2 tie resulted in balloting for the committee member.

Getty said candidates for the position were Martin and Edward Evans of Cumberland, a Baltimore and Ohio Railroad employee. Getty cast the deciding ballot in favor of Martin.

The chairman said later he "had the highest regard" for Evans, who was a candidate previously for the post on the GOP committee. However, Evans didn't apply formally for the job this time, Getty said, and the chairman stated he felt that since the appointment of Ernest B. Treat put a Cumberland man in the group he felt this appointment should go to someone from the Barton, McCoole, Westernport, Cresaptown area.

John Mullen is a member of the Allegany County Bar Association. Since his return from military service about a year ago he has been practicing law in Westernport.

He is a son of Mrs. Hilda Mullen of Westernport and is married to the former Jean Orr of Lonaconing. He has been a member of the county bar for several years.

John Martin is employed by the West Virginia Pulp and Paper Company at Luke. He is a Bible class instructor at the Barton Methodist Church; is finance officer of Barton American Legion, Post 139; is worshipful master and secretary of Allegany Lodge 157, AF & AM; is worthy patron of Barton Chapter 37, Star Council JOUAM; co-chairman of the United Fund drive in Barton; a member of the Scottish Rite Masons and a Shriner; and is a member of the Republican Club in Lonaconing.

## Track Laid On Temporary Span For Western Maryland Railway

Track is being laid on the temporary Western Maryland Railway bridge at Baltimore Street and other preliminary work is being undertaken for the bypass to be used by trains while the permanent railroad span across Willis Creek is built.

Considerable work must be done, however, before the trestle can be placed into use and allowed to begin work on the new span. Progress is also being made toward the new Baltimore Street traffic bridge.

Rex E. Dexter, resident engineer for the Corps of Engineers, said the west abutment of the span is in and partly backfilled and that work on the east abutment is about half done.

He said the abutment should be completed in several weeks and that steel for the traffic bridge will be ready when needed.

During recent weeks, both the Ridgeley flood protection project, Hazelwood and E. J. Albrecht are placing rip rap along the slope of the creek near Riverside Park.

Construction firms have been making rapid strides on concrete work in Willis Creek.

Except for paving the channel of the creek about 300 feet downstream of the Baltimore Street Bridge, Hazelwood crews have completed concrete work in the lower end of the creek project over in 1799.

Premier Felix Gallard of France is only 38 years old. He is the youngest man to guide France's government since Napoleon, who was 30 when he took over in 1799.

## Judge Denies Dismissal Of Tax Charges

BALTIMORE (U)—Federal Judge Roszel C. Thomsen refused yesterday to dismiss income tax evasion charges against Charles W. Menard of Rockville after the prosecution finished its evidence. The defense will start today. The government contends that the 66-year-old Menard who has a civil engineering office in Washington grossed \$35,000 in 1953 and 1954, yet made no income tax returns. Besides, it charged he filed fraudulent withholding and social security returns for employees. Several of them testified at his trial. A freshwater fish never drinks water, because water continually seeps through its gill membranes.

## Indictments Returned In Check Kiting Deal

ALEXANDRIA, Va. (U)—A federal grand jury yesterday indicted six men on 29 counts of defrauding two banks of \$181,000 through check kiting. Two of the men, both bank officials, also were indicted on 24 counts of misapplying bank funds, keeping false bank records and falsely obtaining Federal Housing Administration loans. Two defendants allegedly drew checks on the People's National Bank in Hancock, Md., and the Williston Branch of the Mount Vernon Bank and Trust Co., in Fairfax County, Va., without sufficient funds. The indictments charged that they maintained their accounts by alternately drawing a check from one bank and depositing it in the other. Indicted for drawing the checks were Robert S. Stiles, 40, of Arlington, operator of a used car lot in Hancock, and Paul O. Yost, 27, of Berkeley Springs, W. Va., his assistant.

## 1958 Budget May Be About 20 Million

BALTIMORE (U)—Gov. McKeldin has given a rough estimate of how much new revenue will be needed to balance next year's Maryland budget—a guess higher than any other previously given by a State official. In a speech to a downtown Rotary Club yesterday, McKeldin estimated there may be a budget increase which may run as high as 20 million dollars. In addition, he said while the current budget was balanced with the help of a surplus of almost 17 million dollars, "we shall have no such comfortable cushion on which to lean in balancing the budget for fiscal 1959." Adding the bleak estimate to the cold fact, he said: "Roughly, that would mean—although the figure is not final—the necessity for new revenue in the neighborhood of 37 million dollars." McKeldin omitted specific reference to which tax sources he might use to make up the expected deficit.

## Atomic Fallout May Prove To Be Benefit

CINCINNATI (U)—An Atomic Energy Commission scientist has suggested that the long-range effect of atomic fallout on humanity may be beneficial. Dr. Paul S. Henshaw told a meeting of the Cincinnati Radiation Society that in recent experiments the life span of rats and mice were lengthened by exposure to small amounts of radiation.

## Names Of

(Continued from Page 7) died in the crash, and requested Payne to drive them to Paw Paw. Payne was identified shortly after the accident through dental charts. He also was badly burned in the crash. Police have not been able to ascertain who was driving the car at the time of the accident. Navy officials told Mr. Russell that a muster of the ship personnel aboard the Valley Forge indicated the two sailors were the only two missing when the carrier left port yesterday. They said young Scholl had a brother who also was stationed aboard the Valley Forge. The brother will come to Romney today to serve as an escort to take the body of the Wisconsin sailor to his home for funeral services. Arrangements have not yet been completed for the escort to accompany Main to Chicago.

## Furnace Overheats

A furnace at the home of Mrs. Helen Parsons, 120 Laing Avenue, overheated about 5 p. m. yesterday and took South End firemen to the scene. No damage was reported.

## Montgomery Council Hits D. C. For Road Plan Lag

ROCKVILLE, Md. (U)—The Montgomery County Council today criticized District of Columbia officials for failing to decide on a route within Washington for new U. S. 240. At the request of County Manager M. L. Reese, the Council urged the District to act promptly in selecting a route for the Interstate Freeway. The district commissioners last month set a public hearing on four proposed routes for Jan. 6. Reese said the road dispute is hampering the county's orderly growth and development. He cited the decision last week by the Government Employees Insurance Co. to stop construction of its new 5½ million dollar office building which lies in the path of one proposed route.

NEW YORK — (INS) — Wall Street hears: American Machine & Metals forecasts a 1958 sales gain of between 5 to 10 per cent and hopes to maintain profit margins at the 6.4 per cent of sales estimated for this year.

B. & O. carloadings, which started to dip right after Labor Day, have been running about 1,000 cars a day below a year ago.

Continental casualty net premiums this year will increase \$20 million over the 1956 total, but net operating profit "will be more than halved." The company claims "inadequate rates" on auto insurance will "completely wipe away" all underwriting profits on the accident and health business.

## Sfc. Bridges Honored By Company 'C'

"Soldier Of Year" Award Announced At Dinner Dance

Sfc. R. G. Bridges has been selected "Soldier of the Year" by Company "C," First Infantry Regiment, Maryland National Guard.

Sfc. Bridges was presented the "George R. Drew Memorial Trophy" at the company's annual dinner dance last week at the Ali Ghan Shrine Country Club.

The award is presented in memory of the late George R. Drew who served as a fulltime supply sergeant for Company "C" until his death two years ago.

Sfc. Bridges was selected on a basis of military courtesy, interest and diligence in carrying out his duties, his proficiency in assignment to include the use of weapons and equipment.

Mrs. George R. Drew presented the award to Sfc. Bridges.

Captain E. M. Light, commanding officer, presided at the ceremony and Major A. T. Schildwachter, regimental chaplain, offered the invocation.

Talks were given by Col. Randolph Millholland, regimental commander of the 115th Regiment; Lt. Col. R. W. Ballin, regimental surgeon; Major Schildwachter and Captain G. E. Reese, executive officer of the regiment.

Besides the speaker guests included Mrs. Millholland, Mrs. Ballin, Mrs. Schildwachter, Mrs. Reese, Capt. and Mrs. John D. Hensell, Lt. and Mrs. L. T. Powell, Lt. and Mrs. R. M. Andrews, Lt. and Mrs. F. J. Allen, CWO and Mrs. J. E. Jolley, Mrs. Drew and George Layman.

Capt. Light announced the following promotions:

To Specialist 3/c: J. R. Deitrich, W. F. Long, W. B. Norris, J. W. Smith and D. A. Thomas.

Pvt. J. C. Cager, R. N. Silber and B. L. Wilson were promoted to private first class.

Marksmanship medals were awarded to Sgt. T. E. Andrews, expert; Master Sgt. R. L. Popp, Master Sgt. P. J. Nelson, Sfc. G. Bridges, Sfc. R. H. Wertz, Sp. W. J. Harbaugh, Pvt. J. J. Tribbut, Pvt. 2 S. W. Brown and Pvt. 2 L. E. Hopcraft, sharpshooter, and Pfc. Herbert Stride, Pvt. 2 B. L. Wilson, Pvt. 2 R. N. Silber and Pvt. 2 R. A. Kifer, marksmanship.

Sp/3 J. F. Coleman was awarded a plaque for having the individual high score in M1 rifle firing.

### Enlists In Army

COLLECTION DAY TOMORROW

## Cites Recent Pay Increase As Reason For Revenue Need

BALTIMORE (AP) — The Chesapeake and Potomac Telephone Co. today asked the Public Service Commission for \$1,400,000 more than it requested in rate increases asked several months ago.

The company originally asked rate hikes of \$6,800,000 — about three cents a day a customer — in a new rate schedule filed last August. A hearing on the request was started last October and recessed to give opponents more time to study the company's figures.

When the hearing was reopened today, the company informed the PSC that since the hearing was recessed, it has granted pay increases to its employees amounting to \$1,700,000, of which \$1,400,000 went to those within Maryland. The company did not offer a suggested rate schedule increase for getting back the \$1,400,000, as it did for the original request of a \$6,800,000 rate increase. Instead, it asked the PSC to allow for the increased costs when making its decision.

In its original petition, the company said it wanted to increase its gross receipts by \$6,800,000 by raising the cost about 90 cents to the average telephone user. In return, it would increase the number of exchanges that could be called on a local-non-toll basis.

## Woman Held In Stabbing

John Fahey, 9 Hampton Place, was admitted to Memorial Hospital early today with a stab wound in the lower right side of his chest.

City Police reported Mrs. Jean Ann Biltner, 128 Frederick Street, is being held for investigation.

Detective George Furstenberg reported he and Sgt. James W. Brown were called to Memorial Hospital about 3 a. m. after Fahey was treated there about 2:30 p. m. Fahey, according to Furstenberg, said the stabbing took place about 9 p. m. yesterday.

Fahey was quoted by police as saying he was stabbed after an argument with Mrs. Biltner.

Furstenberg's report identified the weapon as a small paring knife.

## Missing Student Spent Night In Elkins Area Cave

Albert Burr, a student at West Virginia Wesleyan College, Buckhannon, who was the object of a search party this morning, walked out of a heavily wooded section near Elkins at about noon after spending the night in a cave.

Burr was hunting with a companion, Douglas Salvesen, and became separated late yesterday afternoon in the Otter Creek area. After being unable to locate his fellow student at Wesleyan, Salvesen reported to State Police.

Police and West Virginia Conservation Commission members organized a search party early this morning. Burr walked into a hunting camp after daybreak and was directed to Elkins where he was reported none the worse from his experience.

## Falls On Highway

Mrs. Maude Porter, 67, of Eckhart, was admitted to Miners Hospital in Frostburg for X-rays and observation after she slipped and fell while crossing U. S. Route 40 near her home. She was taken to the hospital by a passing motorist. Mrs. Porter was said to have been on her way to a church supper when she fell.

## Wolfe Farm Sale Planned December 7

Baltimore Pike Property Once Slated For Park Area

The Wolfe farm located on U. S. Route 40 opposite Ali Ghan Shrine Country Club, two miles east of Cumberland, will be sold at public sale December 7 at 10:30 a. m. at Baltimore and Liberty streets to the highest bidder.

Charles Z. Heskett, local attorney and W. Merle Clauson are the trustees appointed under a decree issued in Circuit Court for the sale of the property and distribution to the 30 heirs of Mrs. Emma Wolfe, 86, who died June 19, 1936 after an illness of three years.

The Wolfe farm has figured prominently in the history of this section. During the Civil War members of the local unit of the Home Guards massed at Faulk's Mill on the property and prepared to intercept Confederate soldiers who were reported converging on Cumberland from the east. The battle did not take place as the Southern forces did not appear.

During the administration of the late Mayor Thomas W. Koon a proposal for the City of Cumberland to purchase the farm, which then included land now used by the Hillcrest Burial Park, was defeated in a referendum in 1928. The city had an option to buy the property for \$100,000 for use as a community park.

When U. S. Route 40 was modernized in the 1930s by the State Roads Commission a portion of land was needed for the project. The state offered Mrs. Wolfe the sum of \$28,000 for the property and proceeded with the work after a condemnation case. Mrs. Wolfe tried to prevent the work by seating herself in the bucket of the steam shovel on the job, but eventually the work was continued.

Check Not Cashed

An interesting sidelight in this matter was revealed when Mrs. Wolfe was in a local hospital prior to her death. The \$28,000 check had never been cashed and when her illness had weakened her so that she could not act for herself the check was finally cashed.

Principal heir to the Wolfe estate is Mrs. Lavinia Deal, Elkins, W. Va. W. Merle Clauson is a nephew. The rest of the heirs are nieces and nephews and in some cases, grand-nieces and grand-nephews. All of them have reached their majority.

The Wolfe farm comprises 107 acres and is bounded by U. S. Route 40 on the south and the Mason Road on the north. Evitts Creek traverses the property. An 11-room house, a barn, an ice house, a tool shed and garage.

For many years the farm has not been tilled, except for a garden which Mrs. Wolfe tended when she was able.

## Amelle Workers Receive Watches

Twenty-eight employees of the Amelle plant of Celanese Corporation of America were presented gold watches recently in recognition of 25 years' service.

W. E. Crooks, plant manager, made the presentation of watches while section superintendents awarded five-star service emblems.

Those honored were: Extrusion manufacturing — Rufus H. Bodkin, John A. Crosby, John H. Darnley, James H. Filling, Harry F. Kelson, Nile Kline, Oliver G. Lewis, J. Irvin Martin, Louis W. Miller, John R. Powell, George C. Pryor, George E. Schute, James E. Smith and William J. Yantz.

Engineering — R. Earl Amlower, Fred Bagley, James B. Hickie, Wallace C. Kline, J. Marshall Morton, James Rowan, Ernest M. Schadt, William H. Summers, John J. Wallace and Elwood E. Weber.

Cellulose compounds manufacturing — Jacob W. Evans, James S. Lancaster and James Murray. Textile manufacturing — Scott O. Poland.

**SNOWBOUND, ALMOST**—This was a typical scene on the hillsides and slopes of the tri-state section this morning as roads became slippery from an all-night fall of snow and sleet. Fine powdery snow, followed by sleet early today, and then more snow on top of that made driving hazardous for all those who did not have snowtreads or chains on their autos. Here on Williams Street near Reservoir Avenue a sliding motorist is getting a helping hand from other drivers.

## Baltimore Hunters Nab Goat For Deer

The season's top deer story was produced in the Green Ridge Forest yesterday, and lent proof to hunters of this section that the amateur nimrods from the big cities coming here for the season are pretty hazy about what is fair game.

Joseph A. Minke, regional game warden, said he stopped at the Shipways Inn, checking station, yesterday afternoon when a party of four hunters who said they were from Baltimore approached him.

They asked him if it were possible to check a live deer as they had caught one.

Minke said he would have to see the deer, as it is virtually impossible to catch an adult deer in hunting season.

He said he waited for an hour, but they did not come back, so he went on.

But a little later, the party showed up leading the "deer" by a rope.

Graydon S. Dunlap, checker there, said the "one Baltimore man" handed him his license and asked him to stamp it.

Dunlap looked outside, and sure enough there was the "deer" standing on the scales.

But, to the hunters' chagrin, Dunlap had to break the sad news.

They had caught a billy goat. Today there is a billy goat at Shipways Inn checking station, and a party of red faced big city hunters.

## Jewish Youth Plan Program

Jewish Youth of Cumberland met Sunday in the vestry of B'er Chayim Temple with Jeffrey Gelz presiding.

Members voted to pay the registration fee of one delegate at any future convention or similar affair. Appointed to the telephone committee were Arnold Zaks, chairman; Stephen Kornblatt, Stephen Markovitz, Judy Freedman, Harold Hersch and Linda Paries.

In observance of Chanukah, the program consisted of Israeli dances and games directed by Rabbi and Mrs. Stanley Levin. Paul Ossip was in charge of the program.

It was reported that the group's bowling league presently consists of five teams. Captains are Milton Stein, Zaks, Kornblatt, Stephen Markovitz and Jack Kaufman.

Parents are invited to the next meeting to be held Sunday, January 12 at 7 p. m. at Beth Jacob Synagogue.

## Combined Meeting

The Parent-Child Study groups of Johnson Heights and Virginia Avenue schools will hold a combined meeting Thursday at 1:15 p. m. at Johnson Heights School.

## Earth Satellite Uses Told To Group Of Explorer Scouts

The possible uses of an earth satellite are many, Christian M. Frey, design research supervisor at Allegheny Ballistics Laboratory, told a group of Explorer Scouts from the Cumberland-Frostburg district at the First Presbyterian Church last night.

Frey appeared to outline to the high school youths who are in advanced scouting the possibilities of rocketry as a vocation, and also to explain the earth satellite and U. S. Project Vanguard.

ABL, a Navy Bureau of Ordnance facility operated by Hercules Powder Company, is participating in Project Vanguard by making the third stage rocket of the launching vehicle of the U. S. earth satellite.

### Cites Possible Uses

Frey explained that through sending the satellite into its orbit much can be learned in the high atmosphere about ultra violet rays, cosmic rays, ionosphere, magnetic fields, air composition, and density.

The device can be used for making geodetic measurements that is, he said, for measuring distances between various points on the earth's surface.

Observations made of the artificial moon at different spots on the earth either simultaneously or at precisely related times could be used to determine the distances on the ground between the observing sites.

That long has plagued map makers, Frey pointed out.

For instance, he explained, it has been long known that the earth bulges somewhat at the equator as a result of the centrifugal force of the earth spinning on its axis.

### Could Measure Bulge

Measurements of the orbit times of a satellite so close to the earth as the U. S. moon will give a very accurate measurement of the equatorial bulge.

Through the satellite, scientists interested in long distance radio communication will be able to study the magnetic field of the earth, he added.

A thermometer, a temperature measuring device, will transmit temperature information ranging from -140 degrees Centigrade to 150 degrees C.

An erosion gauge will determine how much contact the satellite experiences with interstellar dust and micrometeorites.

A collision microphone will record impacts of larger particles with the satellite skin, he said.

An ultraviolet detector will observe bursts of ultra violet from the sun; then by means of a memory unit will transmit data on the peak ultraviolet intensity.

### To Transmit Data

All of these various detectors, he said, will transmit their information by means of a single small radio transmitter, Frey said.

The Vanguard launching vehicle is a three-stage rocket of which the first two stages are guided, and the third stage maintains a fixed orientation while it is firing, he said.

All three stages of the launching vehicle contribute to the orbital velocity of the satellite. The first stage rocket is a liquid propellant rocket similar to the Viking, but with improvements.

The second stage also has a liquid propellant, but different from the first stage.

The third stage is a solid propellant rocket that is unguided and is maintained during burning in a stable path parallel to the earth's surface by spinning on its longitudinal axis.

### Rocket Built Here

This is the rocket which has been designed and built at Allegheny Ballistics Laboratory and also at Grand Central Rocket Company, Redlands, Calif., he added.

The third stage rocket takes over after the satellite's first two rockets are expended and the vehicle coasts at an altitude of approximately 300 miles.

By this time, the flight path is exactly parallel to the earth's surface. The third stage rocket and the satellite are then spun about their longitudinal axis and then the third stage rocket is fired.

This comparatively small rocket, weighing over 600 pounds (Continued on Page 14)

## Heavy Snow Cuts Number Deer Hunters

The heavy snow cut down the deer hunting in tri-state area today, with Maryland game wardens reporting only a handful of hunters in the woods.

By noon there was only one deer checked at the LaVale Baracks of State Police, and only five in the usually very productive Green Ridge State Forest section.

Yesterday's deer kill in Allegany County totaled 117, bring the two-day total to 415 as the record-breaking number on Monday was 298. Garrett County's is 401.

In West Virginia's District 2, an estimated 608 deer have been killed. Figures listed by state game officials show Mineral 204; Hampshire, 46; Hardy, 202; Pendleton, 40; Grant, 70 and Berkeley, 46. Jefferson County has no gun season there.

The Hampshire report is also down because the killing of deer was legal last year. At this time last season, Hampshire's kill was in the hundreds.

Statewide, a 14-year-old boy set a new deer kill record for Dorchester County this morning.

The deer shot by Carroll Handley, Cambridge High School freshman, was the 104th of the year killed in the county. The season ends at sundown Saturday.

Throughout the state, nearly 2,000 deer were killed on the first two days of the season, the State Game and Fish Commission reported.

The first day tally was 1,422. Yesterday the bag slacked off to 575, with Charles County unreported.

Hunters in Washington and Frederick counties had two-day totals of 209. In Worcester County it was 184; Dorchester 96; Cecil, 105; Harford, 47 and Wicomico, 37.

## Local Man Hurt In Car Crash

A man identified as Harry Naugle, 701 Frederick Street, was admitted to War Memorial Hospital, Berkeley Springs, following a car-truck mishap.

Hospital attaches said his injuries are not considered serious.

An official report on the mishap was not available but the hospital said it understood Naugle's car had hit the rear of a truck which had stalled. The truck reportedly had no lights.

Naugle was admitted about 9:15 p. m.

## King Winter Takes Hold Of Section

Over Eight Inches Of Snow Snarls Traffic Many Places

King Winter reigned supreme today in this section as a snowfall that began yesterday afternoon covered the ground with depths up to nearly nine inches.

At noon, 8.8 inches of snow was measured in Cumberland, with the State Roads Commission reporting a similar amount in Frostburg and northern Garrett County.

Traffic tieups were numerous, as many motorists going to and from work this morning were caught without their chains or snow tread tires.

### Sleet During Night

The cause for the extreme slippery condition was the fact that sleet fell about 3 a. m., with about six inches of powdery snow coming on top of that.

State Police at LaVale Baracks reported early this morning many little slopes found cars slipping and sliding around.

State Roads Commission personnel, which had trucks on the highways all night in the three western-most counties, today recommended chains on all cars traveling in this section.

The main effort of the SRC trucks was expended in plowing the snow off the roads as it fell.

City Crews Out

Street Commissioner William H. Buchholz said all available crews in the city salted and sanded streets until snow depth forced the fall from streets, concentrating on main thoroughfares and bus routes.

Higher elevations of the city are being salted, cindered or covered with calcium chloride as rapidly as possible.

Buchholz said crews have been instructed to keep a vigil until all areas are cleared.

At noon the SRC reported the temperature was 25 degrees at Accident together with eight inches of snow. At Oakland, it was 24 degrees with seven inches of snow.

Frostburg had eight and one half inches of snow, with a 20 degree temperature, while Cumberland had 29 degrees with 8.8 inches.

Lighter To East

East of here at Town Hill, the SRC said there were five inches of snow and a 30-degree temperature, while Washington County had from three to four inches.

Roads were covered in all parts of the three counties and in the adjacent counties in West Virginia and Pennsylvania.

The weather conditions forced a curtailment of bus service for the students at new Bruce High School in Westport. School spokesmen said only the early buses were able to negotiate the steep hill leading to the Greene's Addition site.

Later arrivals were forced to have the students leave the buses and walk the steep street. Most of the faculty also had to leave their cars at the bottom of the hill and walk to school, as did some who called for taxi service.

### Poor Visibility

The snow began in Garrett and Allegany counties about 4:30 p. m. yesterday, starting as a fine powdery fall.

Driving was reported "very bad" on some secondary roads in the higher elevations because of the poor visibility.

The snow was expected to end some time this afternoon, followed by clearing and windy weather.

In Washington, Allegany and Garrett Counties it is to be clear and cold tonight, with a low between 23 and 28 degrees. Tomorrow is to be sunny and milder.

## Price To Retire; PE Organization Changes Listed

Anticipating the forthcoming retirement of Henry W. Price, manager of Potomac Edison Company's Cumberland District, a series of organization changes affecting managementships of three districts has been announced by D. E. Stultz, PE president.

Garland L. Johnston, district manager at Waynesboro, Pa., will move to Cumberland, replacing Price. Walter T. Kline, manager of the Frostburg District, succeeds Johnston at Waynesboro. Edward L. Ewald, commercial manager in Cumberland, will succeed Kline as manager of the Frostburg District.

All changes will become effective with Price's retirement February 1, 1958.

Price has served as manager of the Cumberland District for 25 years.

A native of Frostburg, he joined PE in 1913 and served as manager at Martinsburg, W. Va., Waynesboro, Pa., and Hagerstown before coming to Cumberland.

Stultz said announcements of the changes were being made

EDWARD L. EWALD

WALTER T. KLINE

GARLAND L. JOHNSTON

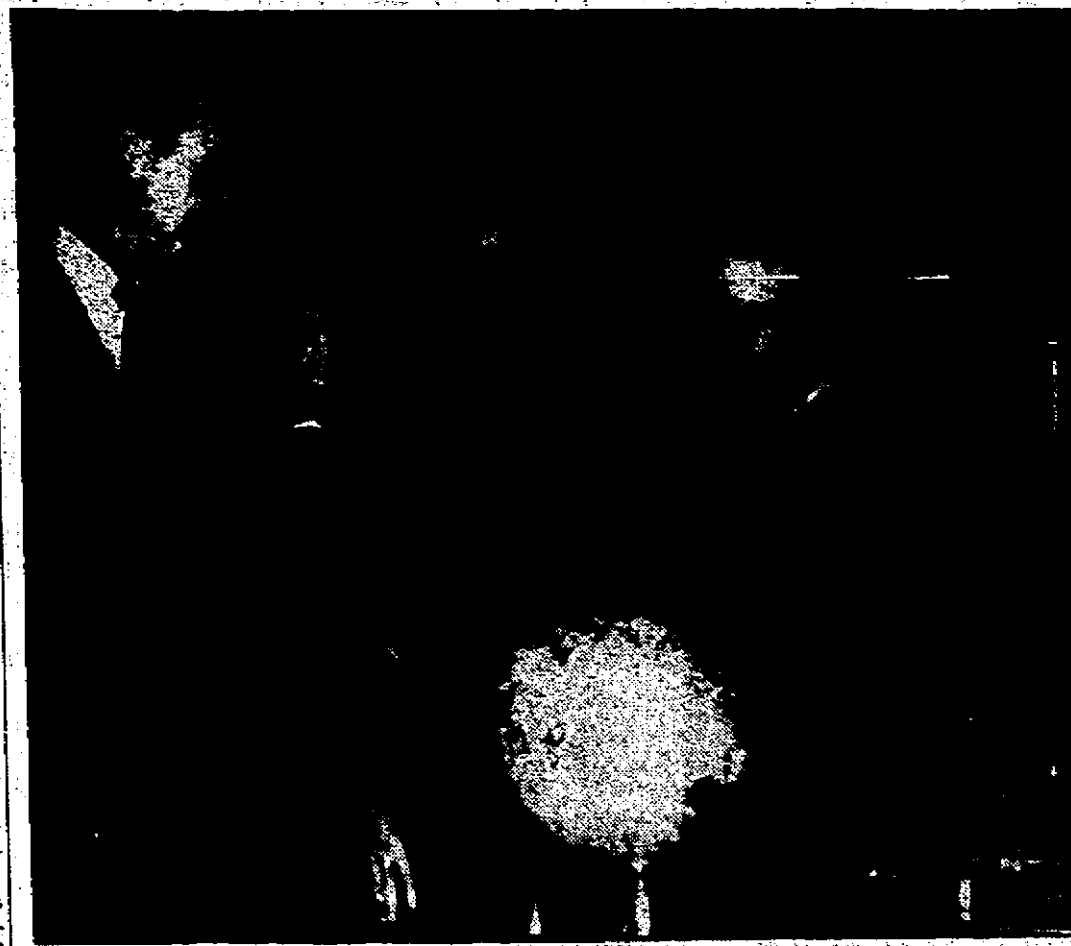

at this time in order to afford those involved an opportunity to acquaint themselves with their new assignments prior to the effective date.

Johnston has served as Waynesboro District manager since 1948. He joined PE in 1925

as storekeeper in Winchester. In 1931 he was appointed local manager at Charles Town, W. Va., and two years later was promoted to the managementship at Keyser. After seven years in that district, Johnston was named commercial manager at Cumber-

land, the position he held until his transfer to Waynesboro.

A native of Winchester, Va., Johnston attended schools in that area. He has been active in civic and community affairs in areas where he served. He (Continued on Page 14)

**SATELLITE EXPLAINED** — Explorer Scouts Edward Wendt, center, and David Dawson, right, were among the group of Explorers who heard Christian M. Frey, left, discuss the earth satellite and project Vanguard at First Presbyterian Church last night. At right is a model of the rocket that will send the U. S. satellite into space, and Frey is explaining the orbit it will take around the earth. The program was for Explorer Scouts of the Frostburg-Cumberland district. Careers in rocketry were outlined by Frey.

Legislators Will Consider Jai Alai Plan

Council On Record Against Race Track Merger By 9-7 Vote

BALTIMORE (AP)—Maryland's Legislative Council, already on record against a Pimlico-Laurel race track merger, waded into another controversy today: Jai Alai in Anne Arundel County.

Sen. Philip D. (Anne Arundel) has asked the Council to consider the plans of Auditoriums Inc. to build a three-million-dollar arena for the Spanish sport in the Fort Meade area. Opponents have brought legal action against the group headed by F. Joseph Donohue of Washington.

Council members voted 9-7 yesterday to delay any further consideration of the race track merger until after the 1958 session of the General Assembly convening in February.

Proponents of the merger had wanted to send the proposal to the 1958 session with Council backing. Despite the setback of the Council's expression of sentiment, the plan to close historic Pimlico in Baltimore and transfer its 40 days racing to Laurel still may come before the 1958 Legislature.

Two-Hour Debate

The vote followed a two-hour debate, including charges by Sen. DiDomenico (D-Balto 2nd) that "real estate sharks and speculators" are behind the Pimlico-Laurel move.

DiDomenico accused Pimlico owners of fraudulent advertising and being more interested in "improvement of the breed" instead of "improvement of the track."

The State Racing Commission has approved the transfer.

The race track issue provided most of the fireworks but the Council, between-sessions study group of the Legislature, also approved sweeping revisions of the State Roads Commission in cut-and-dried fashion.

Council members gave their support to recommendations of a roads subcommittee headed by Sen. Wheatley (D-Prince Georges).

The subcommittee asked, among other things:

1. Curbing "the discretionary power" of the SRC to "assure local participation by county or city government officials in policy determinations of local area importance."

2. Expanding commission membership from three to five, one each coming from Baltimore City, the Eastern Shore, Western Maryland, Southern Maryland and North-Central Maryland.

3. Numerous changes in SRC operations aimed at encouraging delegation of authority and responsibility to the commission's district officials.

Discuss Bonus

A bonus for veterans, a bone of contention in Maryland ever since World War II, also came up at yesterday's Council session.

A spokesman for the state's major veterans' groups said veterans opposed any bonus legislation being introduced at the 1958 session, favoring instead creation of a study committee for exploring the bonus issue.

William R. Clay of Silver Spring, speaking for the Allied Veterans Council of Maryland, asked that the Council back such legislation. The committee would report its findings to the 1959 90-day session.

Clay told Council members that veterans are tired of seeing the bonus issue "used as a political football."

Births

BOSLEY—Mr. and Mrs. Thomas R. Keyser, a daughter yesterday at Memorial Hospital.

BURCAW—Mr. and Mrs. Stewart, 899 McMullen Highway, a son today at Memorial.

BURGESS—Mr. and Mrs. Robert W., 2941 West 97th Street, Chicago, a son Monday in Little Comforter of Mary Hospital, Evergreen Park, Ill. The mother is the former Miss Mary Loretta Mattingly, daughter of Mrs. DeSales Mattingly, 313 Caroline Street.

Samuel C. Bennett

EVERETT—Samuel Clay Bennett, 46, died yesterday in Bedford County Memorial Hospital, Bedford, where he was admitted Monday after suffering a heart attack while deer hunting.

Mr. Bennett was born near Chaneysville, and was employed as a tire builder at Kelly-Springfield Tire Company, Cumberland. He was a member of Chaneysville Methodist Church and Wambic Tribe, Order of the Redmen, and was a veteran of World War II.

Surviving are his widow, Helen (Ruby) Bennett; a daughter, Mrs. Ethel Hoffer, Lancaster, and three sisters, Mrs. Ora Shearer, Johnstown; Mrs. Mae Ferguson, Houston, Texas, and Mrs. Mary Rutherford, Baltimore.

The body is at the Conner Funeral Home where services will be conducted tomorrow at 2 p. m. by Rev. Robert Mock. Burial will be in Everett Cemetery.

Vincent J. Birmingham

Vincent Joseph (Gov) Birmingham, 46, of 134 West King Street, Martinsburg, W. Va., died yesterday in Kings Daughters Hospital there.

A native of this city, he was a son of the late William and Lillian E. (Jenkins) Birmingham and was a veteran of World War II.

Surviving, besides his widow, Mrs. Loretta Birmingham, are two brothers, Eugene and Robert Birmingham, and a sister, Mrs. Lester Deane, all of this city.

Services and burial will be held in Martinsburg.

Shriver Funeral

FROSTBURG — Services for Mrs. Mary Shriver, 84, who died yesterday at her home in Borden Mines, will be conducted tomorrow at 2 p. m. at the Hafer Funeral Home by Rev. Louis L. Emerick, pastor of Union Grove Methodist Church, Cumberland. Interment will be in Frostburg Memorial Park.

Miss Janet L. Lantz

HENDRICKS—Miss Janet Lee Lantz, 25, died here yesterday at the home of her grandparents, Mr. and Mrs. J. B. Ambrose. She had been an invalid all her life and was seriously ill several months.

Born at Hendricks, she was a daughter of Mrs. (Ambrose) Maier and the late Jack M. Lantz. Miss Lantz was a member of Hendricks Methodist Church.

Surviving, besides her mother and grandparents, are a brother, Jack M. Lantz, Alexandria, Va., and a sister, Mrs. Karen Ann Hill, Charleston, S. C.

The body is at the Greenleaf Funeral Home, Parsons, where services will be conducted tomorrow at 1 p. m. by Rev. W. A. O'Dell, pastor of Hendricks Methodist Church. Burial will be in McNeeley Cemetery.

State Police were advising chains in the Frederick County area. One to two inches of snow was on U. S. 40 west of Frederick. There was two inches at Foxville and Thurmont on the northern end of the county and about an inch in Frederick.

One fatal accident was reported on a snow covered highway in Prince George's County last night.

Port Plays Minor Roll In Mishap

Cumberland's Municipal Airport played a minor role in the story of an Arlington, Va., flying instructor who "although aware he had probably been reported missing yesterday was unable to do anything about it."

Forced to change his flight plan because of a snow storm, Robert S. Tyler landed at Falls Church without the student pilot who had accompanied him to Somerset, Pa. The student, 27-year-old Bruce Walton, meanwhile had sounded an alarm when Tyler failed to pick him up as scheduled.

Here's how the confusion developed:

The plane made a forced landing at the John Skelley farm near Somerset Nov. 27 while Tyler and Walton were flying to Somerset from Falls Church. The landing gear was damaged, and they left it there.

When they returned for it yesterday Walton waited at the Somerset airport and Tyler went out to the farm, planning to fly back to the airport. After he took off, however, he saw the storm and decided against flying into it. Instead, he landed on another farm near Meyersdale, Pa., where he bought \$5 worth of tractor gas.

At Cumberland, Tyler tried to telephone Walton at Somerset, but Walton had left the airport. So Tyler flew on home, arriving at dusk.

The airport here reported Tyler, flying a Piper Cub, arrived in the afternoon and took off for home about 3 p. m. after purchasing seven gallons of gas.

Woman Questioned In Husband Beating

Mrs. Tina Cook, Cash Valley Road, was questioned yesterday in the State's Attorney's office concerning the beating of her husband last Saturday.

The husband, Morton H. Cook, was found in the cellar of his Cash Valley home on Sunday. He is reported in "fair" condition at Memorial Hospital with head and face injuries.

Mrs. Cook was released under \$1,000 bond on charges of assault with intent to kill.

was vice president of the Waynesboro Manufacturers Association and a director of the Chamber of Commerce.

For many years he was active in the Waynesboro Community Chest and served on the executive committee for several campaigns. He is a member of the Presbyterian Church and of the Waynesboro Rotary Club.

Reynolds Home Here

Johnston recently purchased a new home at 1233 Braddock Road and will move there with his wife, Genevieve, and daughter, Judith, shortly after the first of the year. His daughter is a senior at Shippensburg State Teachers College in Pennsylvania.

Ewald joined the company in 1931 as collector and meter reader at Piedmont. After serving in a similar capacity at Cumberland during 1934 and 1935, he became chief clerk of the Keyser District, which post he held until 1937, when he became assistant to the general merchandise manager at Hagerstown.

Following this assignment, he served successively as chief clerk in the Hagerstown District organization and as assistant to the commercial vice president. In 1948, he was promoted to his present position in Cumberland.

A native of Mt. Savage, Ewald attended schools in that community and the University of Maryland College of Engineering.

Active In Civic Affairs

Long active in civic and community affairs, Ewald is a member of the Cumberland Rotary Club and served on the board of directors of the YMCA. He is past president of the Cumberland Community Chest and for several years headed the classified division of the Chest campaigns.

He is married and has one son, John Edward, who is a senior at Allegany High School. The Ewalds will move to Frostburg shortly after the first of the year.

Kline started his career with the company in 1927 in the engineering department in Frederick. Three years later he became assistant distribution engineer at Hagerstown. Between 1932 and 1937 he served as assistant manager at Hagerstown and then at Martinsburg. Kline was promoted to the management of the Romney District in 1937 and after 10 years in that post moved to Cumberland as operating manager. He became district manager at Frostburg in 1949.

Kline is a native of Frederick and attended schools in that city. He is a graduate of Bliss Electrical School. A member of the Rotary Club, he has served both as president and secretary of the Frostburg organization. He is a member of the Masons and of the Frostburg Businessmen's Association.

Kline, along with his wife, Ruth, and daughter, Janet, will move to Waynesboro after the first of the year. Janet is presently attending Madison College at Harrisonburg, Va.

Average life of a one-dollar bill is approximately 10 months.

**New Science Series:**  
**Young Might View Future In 'Conquest'**

By CHARLES MERCER  
NEW YORK (AP)—In introducing Conquest, the new filmed series on the world of science which will appear all too infrequently on CBS-TV, Eric Sevareid, now 45 years old, remarked:  
"That's not such a great age, but already I find that my education is old hat. My sons know more than I do."  
That's true of all but a small minority of Americans. Watching Conquest will never take the place of a graduate degree in physics, but to a science moron like myself the first offering was engrossing and even stimulating.  
Four Segments  
There were four segments in the first program on Sunday: A fine documentary filmed account of Maj. David Simonds' 19-mile balloon ascent; the under-ocean explorations of Dr. Maurice Ewing of Columbia University; an examination of cellular research; a brief discussion by two leading scientists on some of the scientific problems before us as a nation.  
The scientifically better educated may have found the first Conquest program somewhat superficial. To me it was not. It raised and tried to answer absorbing questions.

**Mary Haworth's Mail**

Editor's Note: Adopted 36 years ago, Mary Haworth's mother's sudden intrusion into his life.  
DEAR MARY HAWORTH: Circumstances led my natural mother to give me up for adoption some 30 years ago. I had a very happy life not knowing that I was an adopted son.  
However, when I did find out about the adoption eventually, it made very little difference to me. I loved my adopted family very much and was content not knowing my real mother's name or whereabouts. To me she was a stranger who, if I let her, would intrude in my family life.  
Now I am married and the father of two lovely and wonderful children. Recently I received word that my real mother was near death and had been trying desperately to reach me. I understand that she was unmarried when I was born and cared nothing about me (which may or may not be true).  
I called her on the telephone and my wife and I sent friendly letters, enclosing pictures of our children—all this within the past week. Now we wonder if this was right? We have no proof that she is ill, nor do we know what she wants. She is on public relief but hasn't asked our financial help yet.  
If there are two sides to her story, we have heard only one. Should we continue writing and find out for ourselves, which may cause heartache? Or should we stop this correspondence? My adopted mother is still living and I wouldn't want to hurt her for the world. Above all, we don't want our children tinged with this woman's faults (if any).  
I am not really concerned about her; but I wouldn't let even a stranger die without granting a favor within my power. I have no sentiment for her except pity—if pity is needed. (I understand I have a sister also.) Please give me your valuable advice.—P. W.  
DEAR P. W.: The fact that you didn't back off suspiciously, bidding your time, reckoning the risk, etc., is altogether to your credit. I think—after you got word that your real mother was

**Sunday Night Spot**  
**'NW Passage' Sold To NBC For TV Series**

By JACK O'BRIAN  
NEW YORK (INS)—The second "Lucille Ball-Dest. Amaz" hour-long show suffered from much the same fault as the first—it would have been twice as good half as long.  
Tallulah Bankhead was a willing pie-in-the-eye stogie. For all her broad, low clowning, Lucy can be very pretty, and, last night, was.  
MGM's "Northwest Passage" to NBC for a TV series and it probably will go into Joan Caulfield's Sunday night spot.  
Gussie Moran's after-act TV chattercast was canceled. She's a fancy talker, that Gussie, and deserves a spot on TV.  
Nielsen says every TV show which shifted networks this season won better ratings.  
Nielsen also states the TV audience is up 25 per cent over last season.  
Of which increase, Perry Como's show, says ARB, racked up the biggest-of-all audience, 49,380,000 for one show in November.  
President Eisenhower's multi-network show explaining Sputnik drew less than Perry: 42,490,000. Gunsunko and the new "Lucy" Premiere a month ago also licked like in the November audience scramble.  
ARB says the combination of Jack Paar and newer and better old movies late evenings is causing a nation of sleepheads.  
Singer Johnny Desmond is expected to sign today to star opposite Joan Caulfield on her "Sally" series; Arne Johnson was signed yesterday to play the son of Gale Gordon, all added to the cast to help hoke it up.  
Leland Hayward and Jerome Robbins may do a TV spectacular which simply would cover the year 1937.  
If you wondered how many westerns are on the TV air—38—and a lot of 54 are in production.  
Johnny Olsen tried out a new show called "Claims Court" before an NBC studio audience Monday night.  
"The Californians" Christmas eve will have a modern peace parallel "to help combat intolerance".

**Your Horoscope**

Look in the section in which your birthday falls and find what your outlook is, according to the stars.  
For example, December 1, 1957.  
MARCH 20 (Aries)—You may run into a variety of opinions now, so think carefully before choosing your course. In any event, don't neglect YOUR career by coming uninvited elsewhere.  
APRIL 21 to MAY 21 (Taurus)—A good Venus aspect. Display your talents as ably as you can and note how agreeably others set out to work with you. For you—and how happily your day will end. Don't mind material results are a little slow in coming, however.  
MAY 22 to JUNE 21 (Gemini)—Your Mercury's position is favorable now, encouraging mental and artistic pursuits. Move cautiously in making changes of plan, however. Use forethought.  
JUNE 22 to JULY 21 (Cancer)—Present lunar aspects encourage your best efforts. Try to bring out the best in others and you will add to the day's advantages. Imagination should be stimulated.  
JULY 22 to AUGUST 21 (Leo)—Be strict with yourself now. Don't neglect urgent matters and be definitely determined to hold to your principles. In this way, this day's possible "kinks" will not bother you as they could otherwise.  
AUGUST 22 to SEPTEMBER 21 (Virgo)—With Mercury well aspected now, you can advance your interests and smile others notably if you will. Ease of manner does it.  
SEPTEMBER 22 to OCTOBER 21 (Libra)—Your Venus is the most prominently well-aspected planet now. You can make fine progress if you channel your energies and talents in the right direction. Lead or follow—but always with Libra's integrity.  
OCTOBER 22 to NOVEMBER 21 (Scorpio)—Never mind whether certain efforts have been noticed, seem to have been completely overlooked or "didn't get anywhere." Just keep trying. YOU WILL achieve.  
NOVEMBER 22 to DECEMBER 21 (Sagittarius)—Give advance notice when you intend to make changes in your plans so that others will not feel "left out" or overlooked. A good day for cleaning up bothersome details.  
DECEMBER 22 to JANUARY 20 (Capricorn)—Matters of special interest to the soul, mind and heart should concern you now. Let the material wait its turn, and you will be more at ease, will really glow with pride and make true gains.  
JANUARY 21 to FEBRUARY 19 (Aquarius)—Wait a moment! Have you checked to ascertain whether your methods are the best, whether you have all facts? If so, go forward confidently. Artistic matters strongly favored.  
FEBRUARY 20 to MARCH 20 (Pisces)—Neptune is in auspicious aspect suggests that you dust off old but good plans and ideas, and put forth your best efforts to promote real progress.  
YOU BORN TODAY have a forthright manner, innate good will and will apply yourself as earnestly to helping another as to attaining your own lofty objective. Never associate with any but the most loyal, right-principled persons. You could not be

## Mayor James Not To Seek Another Term

FROSTBURG — Mayor Joseph James will not be a candidate for re-election, he announced at Monday night's council meeting. The mayor said reasons beyond his control will make it impossible to consider another term.

William Preston, the city's new water and light commissioner, was sworn in at the meeting by Mayor James. Preston was appointed to complete the unexpired term of the late William Eberly.

Just a month ago, William Sluss was sworn in to complete the term of G. Franklin Martens, who resigned from office to accept a position as assistant water superintendent.

## Drive To Continue

MT. SAVAGE — The Band Parents and Boosters Club of Mount Savage School will continue their combined membership drive until the meeting scheduled for December 9. A prize will be given to the student selling the most membership tickets.

### Keyser Kiwanis Club Sets Plans For Yule Party

KEYSER — Plans are being made by the Keyser Kiwanis Club for its annual Christmas party for the wives of Kiwanis. The party will be held Wednesday evening, December 18, at a place to be announced.

A number of club members went to Martinsburg Sunday to attend a meeting of the Fifth West Virginia Kiwanis District, at which plans were outlined for district activities as well as individual club work during the coming year.

Officers of the local club, as well as committeemen attended the meeting, held at Capon State Park.

## Visiting New York

WESTERNPORT — Mr. and Mrs. Thomas Whelan, Philo Avenue, are spending the Thanksgiving holidays in New York.

## WVU Professor Appointed To Head State Math Test

MORGANTOWN — Dr. E. E. Posey, assistant professor of mathematics at West Virginia University, has been named chairman of the first statewide high school mathematics contest, to be conducted March 28, it was announced today.

For the past two years, the Mathematical Association of America and the Society of Actuaries have administered a national high school contest. This year the contest or "test" will be extended into West Virginia and will be given on March 28 only.

Letters explaining the program have been sent to the principals of high schools in West Virginia explaining the details of administering the test. Whether the test will be given at a particular school will be decided by its principal.

In each school the student with the highest score will be given an emblem bearing the Mathematical Association's insignia. The names of the top-ranking students will be published regardless of whether they are contest winners.

At other places where the mathematics contest has been held in the past, it has been found to stimulate an interest in mathematics, not only among the winners but among all the participants.

The tests will make available to any interested parties, institutions, industries, and the like, a list of highly capable students from all over the state.

The contest will be administered in West Virginia by the Allegheny Mountain Section of the Mathematics Association (which includes West Virginia).

## Group To Select Yuletide Project

LONACONING — Victory Council 1, Pythian Sunshine Girls, will select a Christmas project at a meeting tomorrow evening.

The council honored Mrs. Nellie Miller with a surprise birthday party recently. Mrs. Miller is royal advisor of the organization. A birthday cake was served. Ruth Lee Schramm, royal princess of the council, will preside at tomorrow evening's visit.

Presbyterian Men To Hear  
Plans On Church Expansion

Eckhart Native  
Honored For  
Ministry Work

FROSTBURG—The centennial expansion program of First Presbyterian Church will be outlined at a dinner for the men of the church, Friday at 6:30 p. m. in the recreation room of Salem United Church of Christ.

Rev. Paul D. Cavaretta, pastor, said the dinner will inaugurate the program, that will be outlined in detail at the dinner.

The program has a three-fold purpose, the pastor said, to sharpen the purpose of Christian stewardship, to make aware the needs of the church in the centennial expansion program, and to give each member of the congregation consciousness of their role in the program.

At the 11 a. m. worship service Sunday, expansion program counselors will be commissioned for solicitation of the congregation, which will take place Sunday afternoon and evening, and end Wednesday, December 11.

The overall goal of the program, Rev. Mr. Cavaretta said, is to replace the annex of the church with a new building which will embody the church school, other youth activities and the general program of the church.

Hostesses for the dinner Friday will be Mesdames Francis Richardson, Walter Anthony, Orin Lemmert, Harry Burkett, Clarence Muir, Walter Hutchins, Harold Lancaster, Viola Gail, William Park and Blaine Willetts, and Misses Ruth Hanson and Helen Park.

William Prichard is canvass chairman; Francis Richardson, special gifts chairman, and Walter Anthony, initial gifts chairman.

Associated Crop Growers  
Schedule Annual Meeting

MORGANTOWN—The 26th annual meeting of the West Virginia Associated Crop Growers will be held December 10 at Oglebay Hall on the campus of West Virginia University, according to R. J. Friant, Extension agronomist at WVU.

Friant is secretary of the organization and Frederic Metzger, Hedgesville, Berkeley county, is president.

This will be an all-day meeting, beginning with registration at 9 a. m. Most of the morning session will be devoted to business and affairs of the association, Friant explained. The afternoon will be largely devoted to a review of the certification standards and varieties recommended for certification, and will close with the election of directors for 1958.

A special feature of the meeting will be the announcement of the results and winners of the 1957 West Virginia hybrid corn yield contest. This competition is sponsored each year jointly by the Agricultural Extension Service of West Virginia University, cooperating with the United States Department of Agriculture and the West Virginia Associated Crop Growers.

All entrants who produced 100 bushels of corn per acre will be given a gold certificate of membership in the West Virginia 100-Bushel Corn Club. Awards to be made to top growers this year are first prize, \$25; second prize, \$15, and third to seventh prizes, 1 bushel of West Virginia certified corn seed.

# Orioles Get Doby, Harshman From White Sox

## Birds Trade Ray Moore, Francona, Goodman

By HOWARD SIGMUND  
COLORADO SPRINGS, Colo.—(INS)—A six-player deal between the Chicago White Sox and the Baltimore Orioles was expected to set off a chain reaction of transactions today at the winter baseball meeting.

The White Sox climaxed lengthy trade discussions late last night by sending centerfielder Larry Doby, left-handed pitcher Jack Harshman and a minor league player to be named at a later date to the Orioles for outfielder Tito Francona, right-handed pitcher Ray Moore and infielder Billy Goodman.

Baseball observers, buried under a deluge of other proposed deals, hardly had time to weigh the merits of the Chicago-Baltimore trade.

Roberts May Go  
They looked forward to a possible six-player exchange between the Los Angeles Dodgers and the Philadelphia Phillies and a possible trade involving Philadelphia's Robin Roberts and the Cincinnati Redlegs.

Cleveland general manager Frank Lane immediately stepped into the action and sought to make the White Sox-Orioles swap a three-way affair.

What Lane wanted was Doby but he failed to land the long-hall hitting, 33-year-old centerfielder. Lane had offered White Sox outfielder Gene Woodling but Chicago turned him down and asked, instead, for outfielder-third baseman Al Smith. Now Lane turns to the Orioles and his old sidekick from his Chicago days, general manager Paul Richards, in hopes of landing Doby.

Doby, who suffered with leg miseries last season, hit .288 in 119 games. But Doby's home run production dipped to 14 and he drove in only 79 runs.

Goodman Bats .294  
Harshman, 31, had an 8-8 record in 1957 and his earned run average was 4.11.

Francona, 24, hit .233 in 97 games for the Orioles last season and the 31-year-old Goodman, traded by the Red Sox to Baltimore last season, played third base and first base and hit .294. The 31-year-old Moore posted an 11-13 record and had a 3.73 ERA in the 1957 season. He will be used mainly as a relief pitcher.

Earlier, the White Sox reportedly were on the verge of trading away right-hander Bob Keegan to the Detroit Tigers.

Vice president Buzzy Bavasi of Los Angeles and Philadelphia's general manager Roy Hamey were expected to get together in a trade in which the Dodgers would send second baseman Junior Gilliam, third baseman Randy Jackson and reserve catcher Rube Walker to the Phillies for leftfielder Rip Repulski, third baseman Willie Jones and possibly centerfielder Richie Ashburn.

Hamey was a very busy fellow. He tried to deal Ashburn and lefty Harvey Haddix to the St. Louis Cardinals for Ken Boyer but Redbird GM Bing Devine gave Roy a reject slip.

And Hamey also tried to do business with Gabe Paul of the Cincinnati Redlegs, offering his once untouchable million-dollar righty Robin Roberts as the bait. Hamey wanted Gus Bell, but Paul held up things by offering Wally Post.

Lane Seeks Carey  
Lane, the perpetual trader, was right up there with Hamey in trying to make a swap. He went directly to the camp of his "enemy," the New York Yankees, and asked to have third baseman Andy Carey and second baseman Bobby Richardson for right-hander Ray Narleski.

The Yankees reportedly halted frantic Frankie by insisting on a package that contained Smith.

The Dodgers turned down a Cincinnati bid for Don Newcombe because it didn't contain catcher Ed Bailey.

Washington's Senators rejected a Detroit attempt to make an eight-player deal. The Tigers, seeking catching help, asked for backstop Lou Berberet, lefty Bob Wiesler and an outfielder.

They said they'd give the Senators outfielder Jim Greengrass, outfielder-catcher J. W. Porter, pitcher Hal Woodeshick and a fifth player. Washington's Joe Haynes refused to okay the trade because he said the package did not contain the centerfielder it needs.

Other Deals Hinted  
By Paul Richards  
COLORADO SPRINGS, Colo.—Baltimore Manager Paul Richards has been doing radio and television work for a number of years, has some hints for fans three-trade with the Chicago White Sox last night might lead to other lists these nine ways of telling deals.

## Brown Solid Favorite To Retain Title Tonight

CHICAGO — (AP) — Diminutive Joey Lopes puts his speed against the caniness and punching power of champion Joe Brown tonight in a lightweight title fight.

Brown, who has scored 28 knockouts in winning 67 of 90 bouts, is a solid favorite although the challenger from Sacramento, Calif., held the champ to a 10-round non-title draw four months ago at Chicago Stadium.

This accomplishment earned the 27-year-old Lopes a shot at the crown and the match was made by the International Boxing Club despite sharp criticism from some quarters that No. 2 ranked Kenny Lane deserved the chance.

Lopes Rated No. 7  
Lopes, who stands 5-6 and is two inches shorter than Brown, is rated the No. 7 contender by the National Boxing Assn. and No. 6 by Ring magazine. He has 43 victories in 57 starts and is credited with 16 knockouts.

The 15 rounder at Chicago Stadium will be televised nationally (10 p. m. EST, ABC) with Chicago blacked out. There will be no radio broadcast.

Brown, at least four years older than the Portuguese-born challenger, is unbeaten in his last 13 fights. He is one of the busiest fighters in the business, having had six bouts already this year. This will be his third title defense since winning the 135-pound crown from Wallace (Bud) Smith Aug. 24, 1956.

Brown, whose home is in New Orleans, this year scored an 11-round kayo over Smith and a 15-round knockout of Orlando Zulueta in title defenses. The odds that he will knock out Lopes are 2-1.

Biggest Payday  
Brown weighed 139 pounds and Lopes 136 in their draw. Under the five-point must system, which will be used in the scoring tonight, Lopes had a 49-45 edge from one of the three officials. The other two had it even and the outcome was a split decision draw.

Lopes, who held AAU and Golden Gloves featherweight titles before turning pro, will get his biggest payday win or lose. The IBC hopes for a 5,000 attendance, and a net gate of \$17,000. It is one of the few times in a championship fight that the television proceeds—\$20,000—promise to be larger than the gate.

Brown will bag 40 per cent of the gate and 60 per cent of TV money. This will total about \$18,800. Lopes' respective share is 20 and 40 per cent, totaling \$11,400.

## West Virginia Swamps VMI In First Test

By The Associated Press  
West Virginia's Mountaineers have broken in front in quest of their fourth consecutive Southern Conference basketball championship, and they look as if they intend to remain there during the regular season.

The Mountaineers opened their campaign in the first conference game of the year last night and routed Virginia Military Institute 109-50 with all but one of the 14 players contributing to the Mountaineers' 22nd consecutive triumph in league competition.

Gardner Hoops 22  
Even with All-America Hot Rod Hundley in the lineup last year, the Mountaineers never ran up a margin like that on VMI — the last-place team in 1956-57 and apparently destined for the cellar again.

Veteran Joedy Gardner poured in 22 points for West Virginia, veterans Bob Clousson and Don Vincent added 15 each and sophomore ace Willie Akers tallied 12 as West Virginia ran up an 18-3 lead in the first five minutes, stretched the margin to 56-22 at halftime and coasted home.

Washington & Lee, runnerup to the Mountaineers last year, showed the effects of the loss of three starters, the Generals having to come from behind a 65-62 squeeze past little Bridgewater.

Davidson Bows  
Dom Flora, the Generals' All-Southern Conference ace, scored 20 points for W&L, Dave Nichols added 19 and Frank Hoss tallied 16.

Davidson's Wildcats lost their second non-conference start in two nights, bowing to Georgia Tech 74-52, and the Richmond Spiders lost their second straight exhibition contest to the Phillips Oilers 78-61.

Two non-conference games are scheduled tonight, George Washington at Maryland for its debut and William & Mary at Penn in the Indians' second start — the first was a 73-69 victory over Virginia.

William & Mary, however, suffered the loss of seven players injured last night in an automobile collision near Rosaryville, Md., as the team was en route to Philadelphia.

The only starter hurt was Harold Cornell, but the Indians lost just about all their bench strength by injuries to Jim Osborne, Ray Varga, Allen Miller, Bernie Goldstein, Bob Brown and Randall Vaughn.

Paw Paw Boasts Veteran Quintet  
With almost the entire team back from last season, Paw Paw High may be in for one of its greatest basketball years as the Pirates launch a 21-game schedule this Friday against Flintstone at home.

Coach Sid Roach, starting his second season at Paw Paw, has four of his high scoring stars from 1956-57 with Ray Largent (288), Kevin Edmondson (243), Phil Hamilton (204) and Jim Sharp (181) still available.

The Pirates, participating in the Potomac Valley Conference, won 10 and lost 13 last season, posting a record of five wins and six setbacks in the loop. This will be their second year in the PVC with the first league game being against Capon Bridge on December 17.

Three new opponents are carded. Flintstone being played for the first time, while home-and-home tilts are also listed with Harpers Ferry and PVC champion West Virginia School for the Deaf of Romney. The schedule and roster follow:

SCHEDULE  
Dec. 6—Flintstone, home (DNP)  
Dec. 10—Oldtown, home (5:42)

Colts' Top Draft Choice Leads Little All-America

By HAROLD CLAASSEN  
NEW YORK — (AP) — A halfback, playing for a small college but so good he was chosen in the first round of the pro draft, is the bulwark of The Associated Press' annual Little All America announced today.

He is Leonard Lyles of Louisville, who led the nation's scorers with 132 points. His team won a berth in the Sun Bowl at El Paso, Tex., against Drake, because of his high-scoring exploits.

The Baltimore Colts of the National Football League made him their first draft pick this week.

Others in the backfield are: Norman Jarock, St. Norbert's in Wisconsin, the total offense leader among the players competing for the smaller colleges; Dan Nolan, Lehigh, the T-formation perfectionist drafted by the Washington Redskins; and Charles Bradshaw, Wofford, whose club battered 8 of 10 foes, including some members of the Southern Conference.

All four of the ball carriers are seniors, average 6-1 on height and weigh about 185 each.

In front of this quartet are seven robust linemen with the two tackles and end Howard Clark of Chattanooga outstanding.

The tackles are Bruce Hartman, Luther College, Iowa, and Dudley Meredith, Lamar Tech, Beaumont, Tex.

Peter Kasson, Ripon, is at end opposite Clark. The Wisconsin athlete is the only junior on the team.

Howard Morris, Linfield, and Dave Young, Randolph Macon, are the guards with Dick Huston of Eastern Washington College of Education at center.

Second Team  
Ends—Tom Taylor, Albion, Jerry Hurst, Middle Tennessee; tackles—Dave Trippett, Hildale, George Kurker, Tulsa; guards—Charles Davis, Murray State, James Hardin, Bowling Green; center—Ed Cook, Benedict's; backs—Tony Tolo, Delaware; Dick Camp, Wheaton; Les Plumb, Bowling Green; Sullivan, Whitman.

On the third team were end Jerry Richardson of Wofford and back Frank Capitan of Gettysburg.

The honorable mention list is comprised of: center—Andy Walker, Louisville; guards—Walter Handel, Delaware; Jim Ramsey, Wofford; fullback—Louisville; tackles—Ed Cook, West Virginia Tech; Roger Hagy, Wofford; Al Kempton, Gettysburg; Marion Lee, Newberry; backs—Ed Cook, Chattanooga; Bill Benson, Hampden-Sydney; Frank Depree, Wofford; Bob Furr, Hampden-Sydney; Johnny Green, Chattanooga; Bob Hutton, Middle Tennessee; Marvin Roiman, Middle Tennessee; Ken Webb, Presbyterian; Kenneth Wright, Presbyterian.

Temple Voted Best In East  
PITTSBURGH — (Special) — Temple has been voted the number one basketball team in the East in a poll conducted by this office. Twelve leading Eastern coaches participated and gave Temple 116 points out of a possible 120. The Owls had nine first-place votes and one third-place vote. Duquesne was second with 66 points and had one first-place vote.

Temple was the only team named on every ballot, with LaSalle next with votes on ten ballots.

Canisius was fifth, with 40 points, one more than sixth-place Yale, last year's Ivy League champs. St. Bonaventure trailed Yale by just one point for seventh place, with 38 points including one second place nomination.

Pitt was eighth with 32 points, Niagara followed with 23 points, two more than tenth-place NYU.

# Talent-Laden Basketball Terps To Open Tonight

## Sophs Push Aside Two Regulars Of 1957 Team

By GORDON BEARD  
COLLEGE PARK, Md. — Coach Bud Millikan launches his eighth season at Maryland tonight with a basketball squad bulging with more talent than he has ever been blessed.

Seven lettermen, including four starters, are back from last year's team which finished second to NCAA champion North Carolina in the tough Atlantic Coast Conference and once carried the unbeaten Tar Heels to double overtime before losing 65-61.

Five sophomores, including three over 6-foot-6, are up from Maryland's best freshman team in history. Another sophomore who did not play last year and a senior returning from a service hitch round out the squad.

DIFFERENT BALL — A familiar face in strange garb is Tiger outfielder Al Kaline working out in a Detroit gymnasium to keep in shape during the winter months.

## Hot-Shooting Bradley Aims For No. 1 Slot

By ED WILKS  
The Associated Press  
Bradley's hot-shooting Braves are still at it, declaring themselves "in" on the race for national honors in college basketball with an impressive 97-47 victory over Illinois Normal.

The Braves, retaining many of the kids who came hustling out of nowhere to win the National Invitation Tournament last season, fired at a spectacular .533 percentage from the field last night against outclassed Normal.

Iowa, relying mostly on sophomores, defeated Southern Methodist 65-60 in overtime. Holden Gentry, a 6-7 Hawkeye whose foul gave SMU the free throw it needed for a 54-54 deadlock at the end of regulation time, canned six points in the extra session. SMU's Bob James was high scorer with 23.

## Seven College Cagers Hurt, Two Seriously

WASHINGTON (AP) — A highway accident in bad weather has sent seven members of the William & Mary basketball team to Casualty Hospital here. Two were listed in serious condition.

The players were hurt last night in a collision between a car and the station wagon in which they were driving to a game with the University of Pennsylvania in Philadelphia tonight. The collision occurred on a hill near Rosaryville, Md., about 20 miles southeast of the capital.

There was no immediate word on whether the injuries to the seven would prevent the William & Mary team from playing.

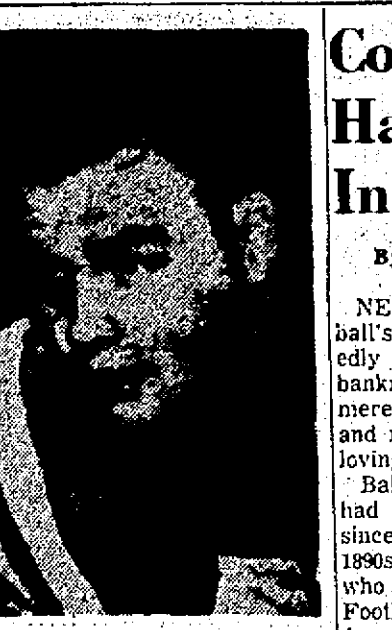

## Colts' Owner Happiest Man In Grid Sport

By JOHN BARRINGTON  
INS Sports Editor  
NEW YORK (INS) — Pro football's most happy fellow undoubtedly is Carroll Rosenbloom, who bankrolled the Baltimore Colts merely to oblige an old friend and now finds he just can't help loving that game.

Baltimore fans, who haven't had a big-time sports champion since the baseball Orioles of the 1890s, are wild about the Colts, who are leading the National Football League's Western Conference by a full game with only two to play.

## Hillegas, Meeks Named On All-CVAL First Club

Fort Hill High's undefeated Sentinels edged Westminster for the football title in the Cumberland Valley Athletic League this season but the Owls landed three players on the ALL-CVAL first team as picked by area sportswriters.

The champion Sentinels had two selections, halfback Dalton Hillegas and end Jerry Meeks.

## Piedmont, Hawks Impress In Opening PVC Victories

Piedmont, winner of the Potomac Valley Conference basketball title in three of the past five seasons, and Ridgeley, 1955 champ, sounded warnings to the opposition for the coming campaign last night with impressive opening-game victories.

The Hawks, only quint to beat champion West Virginia School for the Deaf of Romney as the Lions bagged their first PVC crown last season, whipped the Lions, 81-61, on the Hawks' court.

## Crow Named Top Football Star Of '57

NEW YORK (AP) — John Crow, the Texas Aggies' meat and potatoes guy, has a knife and fork banquet date a week from tonight to receive the Heisman Trophy as college football's top player of 1957.

Selection of the 214-pound senior halfback for the coveted award was announced yesterday by the Downtown Athletic Club of New York. Crow, tabbed by Paul (Bear) Bryant as the best player he ever coached, was an overwhelming choice of 1,267 sportswriters and sportscasters participating in nationwide balloting conducted by the club.

## Liquor Leaders Notch 3-0 Wins

Lynn and Racey and Spa Bar continued their battle for first place in the South End Liquor Dealers Bowling League by registering shutouts Sunday at the Capital. Lynn & Racey's pace-setters won over Wonder Bar and Spa spanked Fran's Tavern.

Tom McGeady sparked the Spa attack with a 257 game and 579 strike, while Tom Dentinger's 206-333 stood out for the leaders. George Schupfer led Frank's with 212-488 and Rich Clay's 169 and Walter Cox's 457 paced Wonder Bar.

## Three Shutouts Mark Pin Action

All three games in the K of P Mixed Bowling League were won via the shutout route as Seniors blanked Chiefs, Knights white washed Esquires, and Senators goose-egged Pages.

Leading scorers were Nellie Lucas, 143-366, Paul Mudge, 185-443, Seniors: Lena Owens, 140-281, Harry Dickendorf Jr., 112-223, Chiefs: Jesse Yarnall, 122-361, Robert Wade Sr., 105-509, Knights: Freda Shipway, 109-313, Virgil Weber, 128-369, Esquires: Sandy Wade, 109-279, Walter McKee, 144-382, Senators: Standings:

## Destroyers Gain In Fleet League

Destroyers advanced to within three games of first place in the Fleet Bowling League by taking a 2-1 decision from the front-running Cruisers. Battleships whipped Carriers and Tenders won over Submarines by the same score.

Ted Williams had a thumping 244 game for the Destroyers and Pete Robb a 455 set for the same team. Other leaders were Adam Scarpelli, 164-418, Cruisers; Clarence Teels, 152-397, Battleships; Coney Dye, 174-554, Carriers; Fred Constable, 145-328, Subs; and Verner Winner, 168-400, Tenders. Standings:

## Rec League Teams Will Meet Tonight

The organizational meeting of the City Rec Basketball League is scheduled for tonight at the City Hall. High school team representatives will meet at 7 o'clock and Men's League teams an hour later.

Eighteen quints were in the high school circuit last year with Tri-State Roofers winning the title. Burke's won in the Men's loop with 16 teams participating.

## YOU CAN SAVE ON OVER-AGE CARS

OVER-AGE doesn't mean what it sounds like. It's an expression peculiar to the automobile business. An "Over Age" unit is one that has stayed on a dealer's lot for 30 days — The longer a car stays on our lot the more it depreciates — It costs us additional money every day we keep it for ... upkeep, advertising, salesman's time etc. Some dealers make it a policy to "wholesale" over age (30 day) cars. All these cars we are offering are "Over Age" ... We don't know why they are still around ... But they have been on our lot too long ... We're "wholesaling" them to the public.

## Week Of Prayer Observed Here

A week of prayer for foreign missions is being held this week from 10 a. m. to 11 a. m. at Grace Baptist Church, 213 Greene Street.

Rev. W. Randolph Keefe, pastor, said that the service this morning will be in charge of Mrs. T. L. Rudd Jr., while Mrs. Melvin Grindle will conduct the service tomorrow.

On Friday, the closing day, Mrs. James Kirkpatrick will be in charge of the service. The Women's Mission Society will meet tomorrow following the prayer service in preparation for the Lottie Moon offering.

## Pupil Placement Law To Be Tested

**FAIRFAX, Va.**—Mrs. Theo T. DeFebio hopes to carry to the U. S. Supreme Court her fight against Virginia's Pupil Placement Law.

Mrs. DeFebio, whose suit for readmission of her two sons to public schools was denied yesterday by the Virginia Supreme Court of Appeals, said she intends to have her case taken to the U. S. Supreme Court if her attorneys find grounds for an appeal.

Mrs. DeFebio's two sons, Nicky, 9, and Teddy, 14, were dropped from Fairfax County schools last April because she refused to sign pupil placement applications for them.

**BALTIMORE**—The Public Service Commission today set Jan. 15 to hear arguments from the Baltimore & Ohio railroad on why it should be allowed to discontinue all passenger service between Baltimore and New York. The railroad filed petitions for the discontinuance with the public service commissions of Maryland, Delaware and Pennsylvania on Nov. 14.

## PSC Sets Date For B&O Case

**FRANKLIN, Ky.**—Dropping burning cigarettes in bed isn't restricted to people.

Firemen called to extinguish a blaze in the eaves of a business building traced the fire to a cigarette a bird had picked up and carried to its nest.
